CONSENT AGREEMENT

Complaint Nos.: 2026-MSHRC-04,
2026-MSHRC-05, 2026-
MSHRC-06

PARTIES

This document is a Consent Agreement regarding the Owner/Trainer License of Michelle Lefebvre ("Trainer Licensee"). It is entered into between the Trainer Licensee, the Maine State Harness Racing Commission ("the Commission") and the Office of the Maine Attorney General ("Attorney General"). It is entered into pursuant to 8 M.R.S. § 279-B, and 01-017 C.M.R. Chapter 17.

STATEMENT OF FACTS

1. Trainer Licensee is so licensed by the Commission pursuant to 01-017 C.M.R. Ch. 1, Section 10, license number 20575.
2. Trainer Licensees licensed by the Commission are responsible for the condition of the horses they train pursuant to 01-017 C.M.R. Ch. 11, Section 1 and 3.
3. The Commission is authorized under 8 M.R.S. § 279-B, upon notice and hearing, to levy a fine, levy a suspension, disqualify a horse, and require the return of any purse won by a horse if it is found to have carried in its body either a prohibited substance or an exceedance of an allowable level of a permitted medication during any race licensed by the Commission.
4. Trainer Licensee was on record with the Commission as the trainer of the horse "Woodmere Alvin" on May 15, 2026, trainer of the horse "Gotafoolishdesire" on May 22, 2026, and trainer of the horse "Gator Hanover" on May 23, 2026.
5. Woodmere Alvin finished first in the 3rd Race at the First Tracks LLC, in Cumberland, Maine, on May 15, 2026. Gotafoolishdesire finished first in the 1st Race at First Tracks LLC., in Cumberland, Maine, on May 22, 2026. Gator Hanover finished first in the 2nd Race at First Tracks, LLC., in Cumberland, Maine, on May 23, 2026.
6. Metamizole, known by its brand name, Dipyrone is not a therapeutic medication. 4-Methylaminoantipyrine is the primary active metabolic derivative of metamizole, which is also known as Dipyrone.

7. A blood sample taken from Woodmere Alvin finished first in the 3rd Race at the First Tracks LLC, in Cumberland, Maine, on May 15, 2026, disclosed an elevated level of 4-Methylaminoantipyrine. A blood sample taken from Gotafoolishdesire finished first in the 1st Race at First Tracks LLC, in Cumberland, Maine, on May 22, 2026, disclosed an elevated level of 4-Methylaminoantipyrine. A blood sample taken from Gator Hanover finished first in the 2nd Race at the First Tracks LLC, in Cumberland, Maine, on May 23, 2026, disclosed an elevated level of 4-Methylaminoantipyrine
8. The Commission acknowledges that the Licensee Trainer was not informed of the first positive test result for Woodmere Alvin until some time after Gator Hanover raced on May 23, 2026.
9. Trainer licensee has not had any positive test violations in the last three years.
10. For the reasons above, the Commission is treating the three positive tests of Woodmere Alvin, Gotafoolishdesire, and Hanover Gator as one positive test.

DISCIPLINARY COVENANTS

In order to fully resolve this matter without a formal adjudicatory hearing, it is hereby agreed that:

11. Trainer Licensee admits to the facts as stated above.
12. Trainer Licensee admits that 4-Methylaminoantipyrine was found in the blood in the horse Woodmere Alvin in the amount of approximately 1.56ng/mL. Woodmere Alvin finished first in the 3rd Race at the First Tracks LLC, in Cumberland, Maine, on May 15, 2026.
13. Trainer Licensee admits that 4-Methylaminoantipyrine was found in the blood of horse Gotafoolishdesire, in the amount of approximately 0.75 ng/mL. Gotafoolishdesire finished first in the 1st Race at First Tracks LLC, in Cumberland, Maine, on May 22, 2026.
14. Trainer Licensee admits that 4-Methylaminoantipyrine was found in the blood in the Gator Hanover, in the amount of approximately 0.74 ng/mL. Gator Hanover finished first in the 2nd Race at the First Tracks LLC, in Cumberland, Maine, on May 23, 2026.
15. Trainer Licensee admits that the amounts of 4-Methylaminoantipyrine that were found in Woodmere Alvin, Gotafoolishdesire, and Gator Hanover while racing during a licensed meet constitute a violation of 01-017 C.M.R. Chapter 11.
16. Pursuant to 01-017 C.M.R. ch. 11, elevated levels of 4-Methylaminoantipyrine are considered a Class 4 drug corresponding to a Class C penalty pursuant to 01-017 C.M.R. Chapter 17.
17. Trainer Licensee admits that the violation admitted herein constitutes a first violation carrying a Class C penalty within a 365-day period.

18. As discipline for the conduct admitted to in the paragraphs above, Trainer Licensee agrees to accept the following DISCIPLINARY ACTION:

- A. A written warning, which is the recommended penalty for a Trainer Licensee's first violation of 01-017 C.M.R. Ch. 17, for the presence of a drug carrying a Class C Penalty over a 365-day period.
- B. The return of the purse winnings by all three horses named above for the violation, which was, in this case, \$6,400.00. Such return of purse monies shall be made no later than five (5) days from the last dated signature on this Consent Agreement.
- C. Should Licensee fail to return the \$6,400.00 purse winnings within five (5) days from the last dated signature on this Consent Agreement, Licensee agrees to the immediate, automatic, indefinite suspension of his licenses until the \$6,400.00 purse winnings are paid in full.

FURTHER CONVENANTS

- 19. Trainer Licensee agrees that the Commission has regulatory authority over the activities described herein.
- 20. Entering into this Consent Agreement is fully voluntary. Trainer Licensee understands that, instead of entering into this consent agreement, she can exercise her right to an adjudicatory hearing before any violations are found and penalties imposed.

 - b. Any and all further procedural steps before the Commission;
 - c. The making of any further findings of fact before the Commission; and

- 23. The Commission and the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.
- 24. The Commission and Trainer Licensee agree that no further Commission action will be initiated against Trainer Licensee's license by the Commission based upon the specific violations admitted to herein, except or unless he fails to comply with the terms and conditions of this

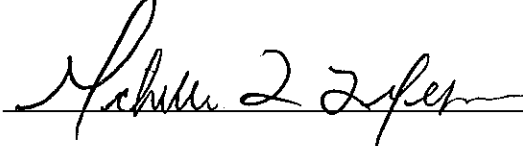

Consent Agreement. The Commission may, however, consider the conduct described above as evidence of a pattern of misconduct in the event that other allegations are brought against Trainer Licensee, and this Consent Agreement will be admitted into evidence in any future hearing involving Trainer Licensee. The Commission may also consider the fact that discipline was imposed by this Consent Agreement in determining appropriate discipline in any further complaints against Trainer Licensee.

25. The parties agree that this Consent Agreement may be signed in counterparts, and all counterparts together constitute one original instrument. Signatures below may be applied and/or saved electronically, with such electronic signatures and this entire document being saved electronically and given the same effect as a paper document signed in ink.

27. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.
28. This Consent Agreement is not appealable and is effective until modified in writing or terminated by the parties hereto.
29. The effective date of this Consent Agreement shall be the date of the last necessary signature date of the fully executed Consent Agreement from the Commission.
30. Trainer Licensee acknowledges by his signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that he executes this Consent Agreement voluntarily, and that he agrees to abide by all terms and conditions set forth herein.
