Become An Outdoor Partner!*

Access is the key to our outdoor heritage and traditions.

The Outdoor Partners Landowner Relations Program works to create a more conscientious recreational user and work with landowners and landusers to address issues associated with access before they become larger problems. The Outdoor Partners program recognizes the importance of access to private land and works to preserve and enhance access, as well as improve relations with landowners.

Joining is simple – purchase with your license or on our online store for just \$15.00, and agree to abide by this code of ethics:

As a member of the Department of Inland Fisheries and Wildlife Outdoor Partners Program, I understand that responsible behavior and ethics are essential in keeping lands open for outdoor recreation. As an Outdoor Partner, I will:

- Respect the land and the landowner.
- Respect fish, wildlife and the environment.
- Respect the law.
- Respect all outdoor users.
- Volunteer to assist a landowner in the upcoming year.
