

FELLOWS POND

Chesterville, Franklin County
U.S.G.S. Farmington Falls, Maine (7½')

Fellows Pond is accessible via a gravel road off the Ridge Road. The pond is open to fishing under general law in both the summer and winter seasons.

Fishes

Largemouth bass	Fallfish (chub)
Yellow perch	White sucker
Chain pickerel	Pumpkinseed sunfish
Minnnows	American eel
Golden shiner	

Physical Characteristics

Area - 24 acres	Temperatures
	Surface - 75°F
Maximum depth - 11 feet	9 feet - 69°F

Principal fisheries: Largemouth bass

Fellows Pond is located on the east side of the Chesterville Esker. The pond's inlet enters at the south end and its outlet, McGurdy Stream, leaves the east side flowing north toward the Sandy River. The pond's shoreline is undeveloped.

Water quality in Fellows Pond is poor for coldwater gamefish with warm temperatures at all depths during the summer. Warmwater species dominate with largemouth bass providing an attractive fishery. The pond is not stocked.

Surveyed - August, 1999
Maine Department of Inland Fisheries and
Wildlife Funded in part by the Federal Aid in
Restoration Act under Federal Project F-28-P
