PRE-QUALIFIED FOR Civil engineering  
Environmental engineering

STATEMENT BY FIRM BH2M has provided infrastructure design, permitting, surveying, and construction administration to municipal and private clients since 1978. BH2M is a small, locally owned company with strong roots in several Maine communities. We pride ourselves in our long standing relationships with several municipalities and private sector clients since our establishment 1978. Our office is located in downtown Gorham and houses our multi-faceted staff which includes engineers, designers, surveyors, and construction management professionals.
