PRE-QUALIFIED FOR Civil engineering
Environmental engineering

STATEMENT BY FIRM Comprehensive Environmental Inc. (CEI) is a civil engineering and environmental consulting firm that provides comprehensive services to public and private clients in the New England area. Incorporated in 1987, CEI is an employee-owned, mid-sized company that includes a diverse ownership of both professional engineers and scientists. With offices throughout New England, CEI provides extensive civil and environmental engineering services in the areas of roadway engineering, green infrastructure techniques, utility coordination, geotechnical consulting services, stormwater management, water supply, wastewater, water resources, construction management and hazardous waste remediation. Our diverse staff of civil and environmental engineers, scientists, planners, computer and field technicians make us a unique multidisciplinary firm. CEI is certified as WBE/DBE in all the New England states and is prequalified in multiple service areas with MassDOT and ConnDOT. CEI has also provided services for ME DEP, NH DEP, MassDEP, VTrans and the National Guard. CEI has over 25 years of experience in providing comprehensive services to municipal, state and federal agencies. CEI can provide a comprehensive array of services including: site evaluation, technical analysis and reports, schematic, preliminary and final design, preparation of technical specifications, cost estimation, construction services and related capital projects tasks. CEI is proud to have been selected as a national finalist for both the Best Civil Engineering and Environmental Services Firm to Work For Categories in 2015 for a sixth year in a row. CEI strives to improve itself and the engineering/environmental industry. Our philosophy is that principles must come first, the profits will follow. This respect for our clients is reflected throughout the firm's people and projects: • References are our single most important asset. • We stick with our commitments. A deal is a deal. CEI remains employee-owned and is here to stay with our long-term planning objectives and client relationships reflecting these goals.
