PRE-QUALIFIED FOR Civil engineering  
Structural engineering

STATEMENT BY FIRM Stephen Ruell P.E. dba Pinnacle Hill Engineering has over 40 years experience in civil/structural design and project management in structural, hydroelectric, dam and marine engineering. He has been involved in a variety of commercial, industrial, and institutional structures, including hydroelectric and dam projects, numerous renovation projects, and many marine projects. His work includes analysis and design of new structures in concrete, steel, aluminum, plastic, and wood, as well as renovations and repairs to existing structures.
