STATEMENT BY FIRM Lewis + Malm has been in the forefront of environmentally sensitive design since 1983. Our specialties have been educational, municipal, and other institutional renovation and new construction. We have also designed award-winning residences. We have won awards for historic preservation and for "green" design. We provide full planning services, site selection and design, architectural design, and engineering for buildings \$ 100,000 to \$ 20,000,000 in size. Our planning and design process is highly participatory.
