

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY
MAINE LAND USE PLANNING COMMISSION

CHAPTER 10, LAND USE DISTRICTS AND STANDARDS

2018 Second Miscellaneous Rulemaking

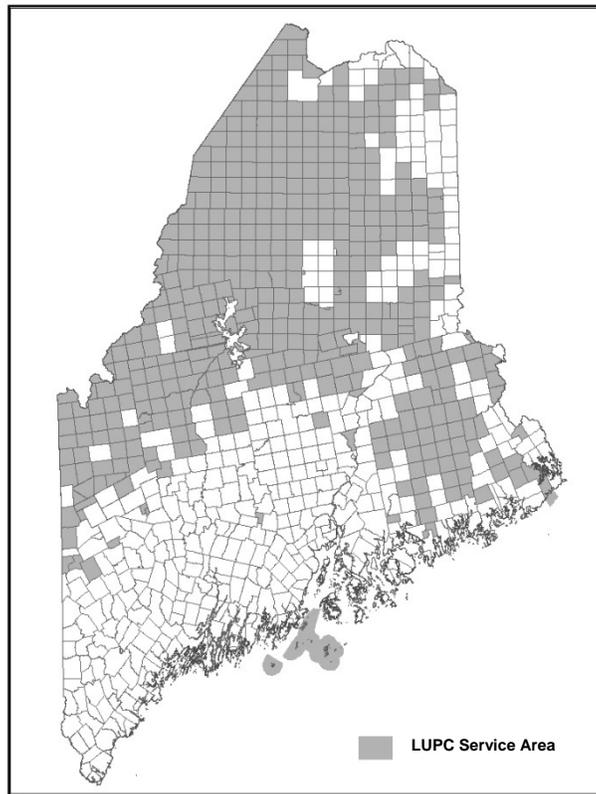

Part 1: Statutory Consistency and Clean-up

April 11, 2018, Draft

The following revisions propose amendments to Chapter 10, Land Use Districts and Standards for Areas Within the Service Area of the Maine Land Use Planning Commission. This document only includes relevant sections of Chapter 10, indicates additions in underline, deletions as ~~strikethroughs~~ and relocations as double underline and double ~~strikethroughs~~. Most revisions are self-evident. Where necessary, further explanations of some changes have been included in [brackets]. These explanatory notes would not be included in the final rule.

LAND USE DISTRICTS AND STANDARDS

FOR AREAS ~~WITHIN THE JURISDICTION OF~~ SERVED BY THE
MAINE LAND USE PLANNING COMMISSION

CHAPTER 10 OF THE COMMISSION'S RULES AND STANDARDS

Initially Adopted January 12, 1977
Latest Revisions March 5, 2018

Note: In response to P.L. 2011, ch.599 (enacting LD 1739), in management and protection districts (except for development areas in Resource Plan Protection Subdistricts (P-RP)), the Commission no longer is responsible for regulating timber harvesting, land management roads, water crossings associated with land management roads, and gravel pits less than five acres in size. The regulation of these activities has been transferred to the Maine Forest Service.

10.02 DEFINITIONS

...

21. Campsite:

“A camping location containing tents, registered tent trailers, registered pickup campers, registered recreational vehicles, registered trailers or similar devices used for camping. “Campsite” does not include a camping location that has access to a pressurized water system or permanent structures other than outhouses, fireplaces, picnic tables, picnic tables with shelters or lean-tos. A campsite may be designed to contain a maximum of 4 camping sites for transient occupancy by 12 or fewer people per site, or numbers of sites and occupancy rates consistent with a landowner’s recreational policy filed with the commission. The commission may require a campsite permit if it determines that the recreational policy is inconsistent with the commission’s comprehensive land use plan.” 12 M.R.S.A §682(15).

The term “tents” includes but is not limited to tents with ground level platforms not to exceed 150 square feet in area. The shelters for picnic tables shall not exceed 120 square feet in area. ~~Lean-tos shall not exceed 150 square feet, and outhouses~~ Outhouses shall not exceed 36 square feet in area. For the purpose of the application of the Commission’s rules, the statutory provision that a “campsite may be designed to contain a maximum of 4 camping sites for transient occupancy by 12 or fewer people per site” means there may be not more than 4 camping parties occupying a campsite, that an individual party may not exceed a total of 12 people, and that each camping site shall be designed for a single party of not more than 12 people. A group of people sharing an association or relationship, apart from staying in the same camping site, traveling together, or sharing meals and camping equipment shall be considered a camping party unless the assemblage of the group is intended to avoid regulation of the camping facilities as a campground.

[Explanation: Revised to be consistent with Section 10.02,99 definition of Lean-to.]

...

142. Normal Maintenance and Repair:

Unless otherwise provided, work necessary to maintain an improvement, structure, or docking structure in its original or previously improved state or condition, as long as there is no expansion of a nonconforming structure and less than 50 percent of a structure is replaced. This includes general upkeep, such as painting, fixing portions of the structure that are in disrepair, or the replacement of sill logs, roofing materials, siding, or windows. In-kind and in-place replacement of decking or exterior stairs is considered to be normal maintenance and repair. Normal maintenance and repair shall not include reconstruction, or change in design, change in structure, change in use, change in location, ~~or~~ a change in size or capacity, or any land use activity that is a shoreland alteration. Activities involving a permanent docking structure constitute normal maintenance and repair only when less than 50 percent of those portions of the permanent docking structure that are above the level of the water during normal high water are maintained or repaired.

[Explanation: Revised to clarify that activity defined as a shoreland alteration, including construction of or repairing any permanent structure below the normal high water mark, is reviewed as a shoreland alteration.]

...

183. Residential Campsite:

A camping location containing tents; or a legally registered tent trailer, pickup camper, recreational vehicle, or trailer; or similar device used for private non-commercial camping. “Residential campsite” includes a camping location that may have access to a pressurized water system or permanent structures. Except that each lean-to shall not have more than 200 square feet in floor area, ~~Each~~ such additional permanent structure shall not have more than 150 square feet in floor area, shall not have a permanent foundation and, except for lean-tos and tent platforms, shall not be used for human habitation. A single lot may contain only one residential campsite, whether or not a dwelling is present, designed to contain not more than one (1) camping site for transient occupancy by 12 or fewer people.

[Explanation: Revised to be consistent with Section 10.02,99 definition of Lean-to.]

...

193. Shoreland Alteration:

Any land use activity, which alters the shoreland area, either at, adjacent to or below the normal high water mark, of any surface water body, including but not limited to:

- a. dredging or removing materials from below the normal high water;
- b. construction of or repairing any permanent structure below the normal high water mark.

...

214. Transient Occupancy:

“Occupancy that does not exceed 120 days in a calendar year” 12 M.R.S.A. §682(18). With respect to campsites, and residential campsites, and campgrounds occupancy is measured by the length of time the tent, trailer, camper, recreational vehicle, or similar device used for camping is located on the site. There is no limit to the number of days a person may store an unoccupied camping device at a lawfully existing camping location within a lawfully existing campground.

[Explanation: Revised to conform with 12 M.R.S. § 685-C, sub-§12 See also: Section 10.27,Q,6,b.]

10.06 INTERPRETATION OF LAND USE STANDARDS

The following shall apply to all uses in all subdistricts except as otherwise provided:

- A. The description of permitted uses herein does not authorize any person to unlawfully trespass, infringe upon or injure the property of another, and does not relieve any person of the necessity of complying with other applicable laws and regulations.
- B. Unless otherwise specified herein, accessory uses and structures which are permitted in a subdistrict must conform to the requirements for the principal use or structure to which they relate.
- C. Whenever a provision of this Chapter conflicts with or is inconsistent with another provision of this Chapter or of any other lawfully adopted rules, regulations, standards, ordinances, deed restrictions or covenants, the more protective of existing natural, recreational and historic resources shall control.

[Explanation: This revision carries forward a provision from Title 12 § 685-A(4) to improve clarity.]

- ~~C.D.~~ Where two or more protection subdistricts apply to a single land area, the combination of the more protective standards for each subdistrict shall apply. Where another protection subdistrict applies to

the same land area as a P-FW subdistrict, any activities within such area which are not in conformance with the applicable standards of Section 10.27 shall require a permit.

D.E. Wherever an M-NC subdistrict surrounds another management or protection subdistrict, no commercial, industrial, or residential development shall be allowed in such management or protection subdistricts except as allowed in such M-NC subdistrict.

E.F. Notwithstanding any other provisions contained in this chapter, a “land use standard may not deprive an owner or lessee or subsequent owner or lessee of any interest in real estate of the use to which it is lawfully devoted at the time of adoption of that standard.” 12 M.R.S.A. §685-A(5)

F.G. Subdivisions are prohibited unless allowed with a permit pursuant to the standards set forth for the subdistrict involved, except as provided in Section 10.25,Q,5.

G.H. “A permit is not required for those aspects of a project approved by the Department of Environmental Protection under Title 38 if the commission determines that the project is an allowed use within the subdistrict or subdistricts for which it is proposed. Notice of intent to develop and a map indicating the location of the proposed development must be filed with the commission prior to or concurrently with submission of a development application to the Department of Environmental Protection.” 12 M.R.S.A. §685-B(1)(B)

H.I. If a proposed activity other than timber harvesting requires a permit and will alter 15,000 or more square feet of a mapped wetland (P-WL1, P-WL2, or P-WL3 subdistrict), or 1 acre or more of overall land area, the applicant must delineate on the ground and in a site plan all wetlands within the general project area using methods described in the “Corps of Engineers Wetlands Delineation Manual” U.S. Army Corps of Engineers. (1987) and the “Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Northcentral and Northeast Region.” U.S. Army Corps of Engineers. (Version 2.0, January 2012).

I.J. The size of a mineral extraction operation is determined by adding the reclaimed and unreclaimed acreages. While a single mineral extraction operation may be located in multiple subdistricts, mineral extraction operations 30 contiguous acres or greater in size must be located in a D-CI subdistrict.

10.11 NONCONFORMING USES AND STRUCTURES

A. PURPOSE AND SCOPE

This section governs structures, uses and lots that were created before the Commission's rules or laws were established, but which do not meet the current rules or laws. This section also governs structures, uses and lots that met the Commission's rules or laws when built or created, but no longer are in conformance due to subsequent revisions to those rules or laws.

In accordance with 12 M.R.S.A. §685-A(5), legally existing nonconforming structures, uses and lots will be allowed to continue. Renovations of these structures, and the construction of certain accessory buildings, are allowed without a permit, except for those located in areas of special flood hazard as defined by rule. However, 12 M.R.S.A. §685-B(7) authorizes the Commission to regulate or prohibit extensions, enlargement, or movement of nonconforming uses and structures. This section clarifies which activities are allowed with a permit, without a permit, or are prohibited in the modification of a legally existing

nonconforming structure, use or lot, including such a structure or use that is legally existing nonconforming pursuant to 12 M.R.S.A. §685-B(7-B).

[Explanation: Revised for consistency with the 2017 change to Title 12, Section 685-B(7-B)]

...

C. NONCONFORMING STRUCTURES

...

2. **Reconstruction or Replacement.** A legally existing, nonconforming structure may be reconstructed or replaced with a permit, provided that the permit application is completed and filed within two years of the date of damage, destruction or removal; the structure was in regular active use within a two year period immediately preceding the damage, destruction, or removal; and if the reconstruction or replacement involves expansion, the structure meets the requirements of Section 10.11,C,1, except that a legally existing, nonconforming structure located within a DACSS listed in Appendix G, Section 2 of this chapter may be reconstructed or replaced in accordance with Section 10.11,C,2,f; and except that a legally existing nonconforming structure within a commercial sporting camp may be reconstructed in accordance with Section 10.11.C.2.e.

...

[Explanation: This revision clarifies that within commercial sporting camps reconstruction is governed by Section 10.11,C,2,e, a section specific to sporting camps that is grounded in 12 M.R.S. § 685-B(7-A).]

...

f. Structures in a Designated Area of Cultural or Special Significance.

[Explanation: bolding header text already in Chapter 10 for formatting consistency]

...

6. **Enclosure of Decks and Porches.** A permit is required for the complete or partial enclosure of decks and porches. Enclosure of decks and porches is not an expansion of floor area. ~~The enclosure of the structure which results in additional stories is considered an expansion and must meet the provisions of Section 10.11,C,1,b.~~ If any portion of the structure is located within 25 feet, horizontal distance, of the normal high water mark of a water body, complete or partial enclosure of that portion of the structure is prohibited.

[Explanation: This revision corrects an inconsistency with Table 10.11,C-1, Size of Structures Near Water Bodies Limited, as previously revised.]

...

10.21 DEVELOPMENT SUBDISTRICTS

...

G. PLANNED DEVELOPMENT SUBDISTRICT (D-PD)

1. Purpose

The purpose of the D-PD subdistrict is to allow for large scale, well-planned developments (Planned Development). The Commission's intent is to consider Planned Development proposals, including those separated from existing developed areas, provided ~~that~~ they can be shown to be of high quality and not detrimental to other values established in the Comprehensive Land Use Plan, and provided they depend on a particular natural feature or location ~~that~~which is available at the proposed site. A petition to establish a D-PD subdistrict permit will be granted when the Commission concludes is persuaded by a preponderance of all evidence that the location of the site is the best reasonably available for the proposed use and that the goals and policies of the Comprehensive Land Use Plan are served. Where a D-PD subdistrict petition is granted, it shall not provide the basis for subsequent redistricting of the area to another development subdistrict, nor shall it serve to satisfy those requirements for redistricting surrounding areas to development subdistricts pursuant to Section 10.08.

The D-PD ~~subdistricting-zoning~~ process is ~~intended~~designed to encourage creative and imaginative design and site planning, to promote efficient use of the land, and to accommodate well-designed, natural feature dependent development in appropriate locations~~afford the applicant reasonable guidance in formulating an acceptable development proposal.~~

Planned Development within a D-PD subdistrict must be consistent with a Development Plan approved as part of the subdistricting process. A Development Plan identifies land uses allowed within the subdistrict, specifying which uses require a development permit, and outlines the nature, location, and design of the Planned Development for which the subdistrict was created.

[Explanation: Revised to clarify what a Development Plan (formerly called a Preliminary Development Plan) is and the Plan's relationship to review of Planned Development.]

2. Description

D-PD subdistricts include areas potentially separated from existing development patterns for which the Commission has approved a Development Plan. Residential, recreational, commercial, or industrial uses, or some combination of these uses, may be allowed in the subdistrict. Depending on the nature of the activity within the subdistrict, the following limitations apply:~~Areas separated from existing development patterns, proposed for residential, recreational, commercial or industrial use or some combination of those uses, for which a comprehensive development plan (which treats the entire parcel as an entity) has been submitted to, and reviewed and approved by the Commission.~~

- a. A D-PD subdistrict ~~proposed~~ for predominantly residential and/or recreational land uses shall have a Development Plan~~fore~~contain a minimum of 30,000 square feet of building floor area and shall include at least 150 contiguous acres. (A predominance of uses shall exist when the majority of the gross building floor area is devoted to such uses.)

- b. A D-PD subdistrict ~~proposed~~ for predominantly commercial and/or industrial land uses shall include at least 50 contiguous acres and, except wind energy generation facilities, shall have a Development Plan foreontain a minimum of 30,000 square feet of gross building floor area.
- c. A D-PD subdistrict ~~proposed~~ for metallic mineral mining activity~~ies or Level C mineral exploration activities and~~ shall include at least 50 contiguous acres.

In any of the above cases, ~~all~~no development, other than access roads and utility lines shall be at leastless than 400 feet from any property line. ~~(This dimension may be increased or decreased, at the Commission's discretion, provided good cause can be shown.)~~ Upon a showing of good cause, the Commission may, at its discretion, increase or decrease this setback. Furthermore, the project shall be reasonably self-contained and self-sufficient and, to the extent practicable, provide for its own water and sewage services, road maintenance, fire protection, solid waste disposal and police security.

[Explanation: Revised to improve clarity of rule.]

3. Allowed Uses

All uses approved in the ~~Rezoning / Preliminary Development~~ Plan shall be allowed. No other use shall be allowed except where the Commission determines that such additional use is consistent with the ~~Preliminary Development~~ Plan and with the purposes of the D-PD subdistrict hereof.

4. Ownership

~~A petition~~An application for the creation of a D-PD subdistrict may be filed only by the owner or lessee of all lands to which the ~~petition~~application pertains.

5. Burden of Proof

The burden of proof is upon the ~~petitioner~~applicant to show by substantial evidence that the proposal satisfies the criteria established for the creation of D-PD subdistrict.

6. Procedure for Review of Planned Development

a. The Planned Development review procedure shall consist of three stages:

- (1) Preapplication conference (see Section 10.21,G,7);
- (2) Submission of a zoning petition, including the accompanying Development Plan¹ (see Section 10.21,G,8); and
- (3) Submission of a permit application² to either the Commission or the Maine Department of Environmental Protection (DEP) (see Section 10.21,G,9).

b. Commission review of a zoning petition to establish a D-PD subdistrict for the purpose of metallic mineral mining activity is governed by Chapter 12 of the Commission's rules, and not by Section 10.21,G,8. Pursuant to the Maine Metallic Mineral Mining Act, DEP is responsible for reviewing permit applications filed by persons seeking to conduct metallic mineral mining activity within a D-PD subdistrict. The Commission is responsible for certifying proposed mining activity to DEP. Commission certification of metallic mineral mining activity is

¹ Prior to [INSERT EFFECTIVE DATE], a Preliminary Development Plan was approved through the zoning process. In the existing rule, the term Development Plan replaces Preliminary Development Plan.

² Prior to [INSERT EFFECTIVE DATE], a Final Development Plan was approved through the Commission's permitting process, the process that authorized activity within a D-PD subdistrict requiring a Commission permit. In the existing rule, the term Final Development Plan is no longer used in favor of referring to permitting or development permitting.

~~governed by Chapter 13 of its rules. The procedures set forth below and those set forth in Section 10.21, G, 7 and 8 apply to all developments except:~~

- ~~a. Those related to metallic mineral mining and Level C mineral exploration activities which are governed by the procedures set forth in Chapters 12 and 13 of the Commission's rules.~~
- ~~b. Those D-PD subdistricts approved or accepted for processing by the Commission prior to September 1, 2012; and D-PD subdistricts accepted for processing after September 1, 2012 not requiring review under Site Law, which in addition to those sections set forth above shall also be governed by the procedures set forth in 10.21, G, 9.~~

~~The Planned Development review procedure shall consist of three stages:~~

- ~~(1) Preapplication Conference;~~
- ~~(2) Submission of Preliminary Development Plan / Zoning Petition; and~~
- ~~(3) Submission of a Final Development Plan or amendment to a Final Development Plan for those projects described in section 6, (b).~~

~~The Preapplication Conference serves to inform the prospective applicant, prior to formal application, of the proposed plan's filing requirements. Formal application is made by submitting a Preliminary Development Plan / Zoning Petition that meets the requirements specified herein. No decision thereon can be made until a Public Hearing is held. Thereafter, the Commission may approve or deny the petition. An approval will amend the subdistrict(s) to a D-PD subdistrict and will include a preliminary development approval that specifies under what conditions, if any, the Commission will accept the Preliminary Development Plan / Zoning Petition proposal as the standard against which future certification requests, amendments to existing Final Development Plans, or new Final Development Plans are judged. No development will be allowed except for activities necessary to gather site data for the permit and/or certification applications until such an application is submitted and approved. Necessary site data gathering activities must be consistent with the proposed description as submitted in the Preliminary Development Plan / Zoning Petition and are allowed without a permit.~~

[Explanation: Revisions within this subsection: (i) reflect revised terminology – Development Plan and permitting, which replaces Preliminary Development Plan and Final Development Plan; (ii) clarify the three stages of Planned Development review; (iii) clarifies the Commission's responsibilities with regard to metallic mineral mining; and (iv) delete text that is duplicative of language or concepts covered elsewhere in Section 10.21, G.]

7. **Preapplication Conference**

A preapplication conference shall be held with the staff of the Commission and representatives from other relevant agencies prior to submission of a zoning petition and related Development Plan. ~~The Commission shall notify DEP of any~~ The Maine Department of Environmental Protection shall be notified of the Ppreapplication conference and ~~shall be provided~~ DEP the opportunity to attend the conference. At this conference the procedures, regulations, and policies that will govern the rezoning process and Planned Development review ~~D-PD application~~ shall be discussed. The conference shall provide a forum for an informal discussion on the acceptability of all aspects of the project proposal, prior to a person filing a zoning petition and associated Development Plan ~~its filing~~ with the Commission. The conference proceedings shall be summarized in writing and made available to the petitioner ~~applicant~~. ~~The conference shall be held pursuant to the rules established in Chapter 5 of the Commission's Rules and Regulations.~~

[Explanation: Revised to provide clarity and delete reference to Chapter 5, which applies to public hearings and pre-hearing conferences, but not to pre-application meetings. The current Chapter 5 reference is incorrect.]

8. **Zoning Petition and Associated Preliminary Development Plan / Zoning Petition**

a. **Petition Components Application**

The ~~Preliminary Development Plan / Zoning~~ Petition shall include: Evidence that the proposal ~~conforms is consistent~~ with the Commission's Comprehensive Land Use Plan and the purpose and description of a ~~D-PD subdistrict Planned Development as contained herein;~~ evidence ~~showing~~ that the proposed subdistrict will have no undue adverse impact on existing uses or resources as required by permit criteria set forth in 12 M.R.S.A. §~~685-A(8-A)685-B(4)~~ will be satisfied; and the submission of various written and illustrative documents, as described ~~below hereinafter~~. Prior to any decision ~~relative to such application~~, the staff shall make known its findings and recommendations, in writing, to the Commission and a public hearing shall be held in accordance with Chapter 5 of the Commission's Rules ~~and Regulations~~.

The following items ~~are required to~~ must be submitted with any D-PD zoning petition Preliminary Development Plan application / Zoning Petition:

Written Statements

- ~~(1) A legal description of the property boundaries proposed for redistricting, including a statement of present and proposed ownership.~~
- ~~(2)~~ (1) A statement of the objectives to be achieved by locating the development in its proposed location distant from existing patterns of development. As it is a general policy of the Commission to encourage new development to locate with or adjacent to existing development, the rationale for promoting development away from such locations must be well documented. The statement should describe why the site is considered the best reasonably available for the proposed use(s). The fact that the applicant owns or leases the property shall not, of itself, be sufficient evidence to satisfy this last requirement.
- ~~(3)~~ (2) The expected development schedule that indicates the periods of time required to complete the project, and an approximate start date for construction.
- ~~(4)~~ (1) A statement of the applicant's intentions with regard to future selling, leasing or subdividing of all or portions of the project. The statement should describe the type of covenants, restrictions or conditions that are proposed to be imposed upon buyers, lessees or tenants of the property.
- ~~(5)~~ (3) Statements ~~showing to satisfy the Commission that~~ the project is realistic, and can be financed and completed. Such statements shall demonstrate that the applicant has the financial resources and support to achieve the proposed development. ~~and that a sufficient market exists for the goods and/or services the development will provide.~~
- ~~(6)~~ (4) A statement of the compatibility of the proposed development with existing uses and resources, the reasonably foreseeable adverse effects on those existing uses and resources, and measures to be taken by the applicant to minimize such effects.
- ~~(7)~~ (5) A general statement that indicates how the natural resources of the area will be managed and protected so as to reasonably assure that those resources currently designated within protection subdistricts will receive protection that is substantially equivalent to that under the original subdistrict designation.

[Explanation: Revisions include moving text to new location within Section 10.21,G and deleting text that was tied to the statutory requirement for demonstrated need, a statutory requirement that has been repealed.]

Maps

- ~~(8)~~(6) A location map showing all existing subdistricts and the proposed D-PD subdistrict boundaries, drawn on a Commission Land Use Guidance Map that indicates the area for which a D-PD subdistrict designation is sought.
- ~~(9)~~(7) Maps showing the existing and proposed lot lines, noting the names of adjoining lot owners, and any lots in the project area proposed to be placed in common or private ownership. ~~(see 10.21, G, 8, a, (1) and (4));~~
- ~~(10)~~(8) Maps showing the soils and slope at the development site, at a mapping intensity sufficient to show that the site has suitable soils to support the development. (Note: For projects in high mountain areas, if geotechnical borings to gather data will be necessary to prepare the final site plans for the development permit, the routes of any proposed access ways should be shown on this map, accompanied by a written description.)

Development Plan

The Development Plan is a document that identifies the future use of a property proposed for rezoning to a D-PD subdistrict and outlines the nature, location, and design of future development with sufficient specificity to allow the Commission to evaluate the consistency of the proposed zoning with the purpose of the D-PD subdistrict. A Development Plan must include the following:

- (9) A legal description of the property boundaries proposed for redistricting, including a statement of present and proposed ownership.
- (10) Statements establishing which land uses will be allowed in the D-PD subdistrict; whether each allowed use will be allowed without a permit, allowed without a permit subject to standards, allowed with a permit, or allowed by special exception; and where each land use will be allowed within the subdistrict. All existing and proposed land uses must be addressed. Any activities necessary to gather site information or data to be included in a subsequent permit application to either the Commission or DEP must be identified among the land uses included in the Development Plan. If the petitioner proposed that activities other than the gathering of site information and data be allowed in the subdistrict prior to issuance of a permit for the Planned Development, a statement explaining how these activities will be conducted in a manner consistent with the purpose of the subdistrict must be included in the Development Plan.
- (11) A statement of the petitioner's applicant's intentions with regard to future selling, leasing or subdividing of all or portions of the project. The statement should describe the type of covenants, restrictions or conditions that are proposed to be imposed upon buyers, lessees or tenants of the property.
- (12) If the proposed D-PD subdistrict would be located on a portion of a larger parcel, a statement of the anticipated future use of the remainder of the parcel outside the D-PD subdistrict.
- ~~(11)~~(13) A site plan showing existing features within the development site, including the locations of:
 - (a) Buildings, roads, parking areas, and bridges;
 - (b) Above- and below-ground utility lines, and sewage disposal facilities;
 - (c) Drinking water wells serving the site, and any major water withdrawal sources, ~~if applicable;~~

- (d) Recreational areas and open spaces, and conservation areas;
- (e) Streams, lakes and ponds, wetlands, and other protected natural resources;
- (f) Stormwater drainage areas; and
- (g) The vegetated edge of cleared areas.

~~(12)~~(14) A site plan showing proposed features, with the approximate locations of:

- (a) Buildings, roads, parking areas, and bridges;
- (b) Utility lines, if known, and areas to be used for sewage disposal facilities (Note: If a public sewage disposal system will be used, evidence that the system can support the proposed development must be supplied);
- (c) New drinking water wells, and other major water withdrawal sources, ~~if applicable;~~
- (d) Recreational areas, open spaces, and conservation areas;
- (e) Streams, lakes and ponds, wetlands, and other protected natural resources;
- (f) Stormwater drainage areas and an approximation of the expected phosphorus contribution to the watershed; and
- (g) The vegetated edge of the cleared areas.

(15) A statement of any steps the petitioner will take to avoid or minimize the effects of the rezoning for the Planned Development on existing uses or resources.

(16) A statement of any design requirements or other standards that will ensure future development and uses meet the purposes of the subdistrict.

Where the ~~petitioner~~applicant is proposing a phased ~~Planned Development~~in the Preliminary Development Plan /Rezoning, and maps showing the level of detail required in 10.21,G,8,a,(~~1412~~) are not feasible for all future phases of the development, the ~~applicant~~petitioner shall submit ~~such~~ maps for the first phase of development. For all future phases of development, the ~~petitioner~~applicant shall submit a narrative describing the intended future use, along with information and sketch ~~plans~~maps sufficient for the Commission to determine if the area proposed to be rezoned can support the entire development with regard to: the subdivision rules, if applicable; soil suitability and slope; subsurface waste water disposal; access and traffic circulation; drinking water supply; ~~and~~ any other proposed major water withdrawal source ~~along with a narrative describing its intended use~~; and the 400 foot setback from the proposed D-PD subdistrict boundaries. A narrative describing the anticipated timeline for all phases of the ~~the full~~ development must accompany the sketch ~~plans~~maps ~~(see 10.21,G,8,a,(3))~~.

[Explanation: Revised to clarify what a Development Plan is and what the plan should include.]

b. Hearings and Criteria for the Approval of Zoning Petition and Associated ~~Preliminary Development Plan~~

The Commission shall schedule a public hearing within 45-~~(forty five)~~ days after a complete ~~Preliminary Development Plan application~~ /Zoning pPetition is filed, unless the ~~petitioner~~applicant requests, in writing, that this time be extended.

The public hearing notification and proceedings shall meet the requirements of Chapter 5 of the Commission's Rules and Regulations and the applicable provisions of the Administrative Procedures Act. Within 90 days after the close of the record of the public hearing, the Commission may approve, approve with conditions, or deny the ~~petition~~application in writing. In making this decision, the Commission shall ensure that the proposal:

- (1) ~~Satisfies the statutory rezoning standards in the Comprehensive Land Use Plan and~~ Conforms with the objectives and policies of 12 M.R.S.A. §685-A(8-A)Chapter 206-A;
- (2) Incorporates, where the land proposed for inclusion in the D-PD subdistrict is in a protection subdistrict, a substantially equivalent level of environmental and resource protection as was afforded under ~~thesuch~~ protection subdistrict;
- (3) Utilizes the best reasonably available site for the proposed use;
- (4) Conserves productive forest and/or farm land;
- (5) Incorporates high quality site planning and design in accordance with accepted contemporary planning principles;
- (6) Envisions a project that is reasonably self-sufficient in terms of necessary public services; and
- (7) Provides for safe and efficient traffic circulation.

c. **Approval or Denial of Preliminary Development Plan / Zoning Petition and Associated Development Plan**

- (1) If, after weighing all the evidence, the Commission approves the ~~Preliminary Development Plan application zoning petition and associated Development Plan~~, the D-PD subdistrict shall be designated on the official district map and recorded in accordance with the provisions of Section 10.04. ~~Simultaneously with such approval, a preliminary development plan approval will be issued.~~ The ~~preliminary development plan~~ approval may contain such reasonable conditions as the Commission deems appropriate and will specify the conditions for approval of subsequent Commission permits or certifications. The terms of the ~~preliminary development plan~~ approval will be in writing and shall be deemed to be incorporated in the D-PD subdistrict and the Development Plan.
- (2) If, after weighing all the evidence, the Commission finds the submission does not meet the criteria established above for its approval, the ~~petition~~ application shall be denied and the reasons for the denial shall be stated in writing.
- (3) Within a maximum of 18 months following a Commission decision to designate an area as a D-PD subdistrict, the ~~petitioner, or another person with title, right, or interest, applicant~~ shall file a development permit application with the Commission or a Site Location of Development Law (Site Law) permit application with DEP for development consistent with the approved Development Plan, with the Maine Department of Environmental Protection a Site Law application for development, or to the Commission a Final Development Plan containing the information required in Section 10.21-G, 9 below. Upon a showing of good cause, the Commission may, At its discretion, and for good cause shown, the Commission may extend the deadline for filing a permit application with the Commission or DEP of the Site Law development application to the Maine Department of Environmental Protection, or of the Final Development Plan to the Commission.
- (4) ~~If the applicant fails for any reason to apply for final approval by submitting to the Maine Department of Environmental Protection an application for development or to the Commission a Final Development Plan~~ If, for any reason, no person files a permit application for the Planned Development within the prescribed time, the D-PD subdistrict designation shall be deemed to be revoked and the original subdistrict(s) shall again apply.

[Explanation: Revised to improve clarity of rule and acknowledge that permitting by the LUPC or DEP follows rezoning to a D-PD subdistrict and the related approval of a Development Plan.]

9. **Final Permit for Planned Development Plan**

Land uses within a D-PD subdistrict that are allowed by permit or by special exception pursuant to an approved Development Plan must be permitted either by the Commission or by DEP. Within a D-PD subdistrict all metallic mineral mining activity is permitted by DEP. For other types of land uses, within D-PD subdistricts created prior to September 1, 2012 and within D-PD subdistricts created September 1, 2012 and later where the development within the subdistrict does not trigger Site Law permitting, the Commission possesses permitting authority. DEP is responsible for permitting development triggering Site Law in D-PD subdistricts created September 1, 2012 or later. The procedures set forth in Section 10.21,G,9, apply to Commission permitting of activities within a D-PD subdistrict. The procedures set forth in Section 10.21,G,9 apply to all D-PD subdistricts accepted for processing prior to September 1, 2012, and development within D-PD subdistricts that does not require review under Site Law.

a. **Application**

The ~~final Development Plan~~ development permit application procedure serves to ensure that an applicant's detailed design and construction plans conform with the approved zoning petition and preliminary development ~~Development Plan~~ permit issued.

- (1) An application for a development permit ~~final approval~~ may be for all of the land ~~that which~~ is the subject of the ~~Preliminary~~ Development Plan or for a section thereof. The application, once deemed complete for processing by the staff, shall be reviewed and acted upon by the Commission within 90 days.
- (2) The development permit application ~~Final Development Plan~~ shall include statements, drawings, specifications, covenants and conditions sufficient to fully detail the nature and scope of the proposed development. Without limitation of the foregoing, the ~~Final Development Plan~~ submission shall include:
 - (a) Drawings that include all the information required on the site plan under the ~~Preliminary~~ Development Plan [Section 10.21,G,8,a,(14+2)], plus the dimensions and heights, foundation design, material specifications, and elevations and colors of all buildings and structures. If the plan proposes any subdivision, all boundaries of easements and lots are to be surveyed and plotted.
 - (b) Drawings that illustrate all roads, parking service and traffic circulation areas. The dimensions of curve radii, grades and number of parking spaces are to be specified. Any structures (such as bridges) related to the street system should be shown as scaled engineering plans and sections. Detailed traffic volume estimates and traffic studies may be required, at the discretion of the Commission.
 - (c) If individual sewage disposal system are proposed, an on-site soil report for each proposed lot is required from the applicant. The reports are to be on Maine Department of Health and Human Services form HHE-200 or any amended or replacement version thereof. Where a central sewage collection and/or treatment system or central or public water supply system or fire hydrant system is proposed, reasonably full engineering drawings shall be required to conform with all applicable governmental requirements.
 - (d) High intensity soil surveys and drawings that indicate all surface water runoff and storm drainage systems, soil stabilization procedures, and landscape plans for planting, screening, revegetation and erosion control and lighting of outdoor spaces.
 - (e) To the extent reasonably available, copies of the restrictions, covenants, conditions, and/or contractual agreements that will be imposed upon persons

buying, leasing, using, maintaining, or operating land or facilities within the Planned Development.

b. Review Process and Criteria for Approval

- (1) The ~~items submitted as part of the development permit~~Final Development Plan shall comply with the ~~approved zoning petition and conditions of approval of the Preliminary Development Plan~~ and shall conform with applicable state ~~law~~regulations, including 12 M.R.S.A. §685-B(4), ~~and applicable Commission rules, including Chapter 10.~~ ~~In addition, the Final Development Plan shall conform with progressive site planning standards which permit flexibility and imagination in the layout of different building types.~~
- (2) A public hearing shall not be held on a ~~Final Development Plan development permit~~ application provided ~~the proposed activity~~it is in substantial compliance with the ~~Preliminary~~ Development Plan. The burden shall, nevertheless, be on the applicant to show good cause for any variation between the ~~Preliminary~~ Development Plan and ~~activity proposed in the development permit application~~the Final Development Plan submitted for final approval.

[Explanation: Progressive site planning is encouraged as part of Planned Development. The Commission, however, has not adopted different standards specific to progressive planning. Chapter 10 standards apply to progressive planning and design with a D-PD subdistrict. Revised to improve clarity of the rule.]

c. Approval or Denial of Final Development Permit Application

Upon accepting a ~~development permit application as complete for processing~~Final Development Plan, the Commission shall ~~review and, in writing, approve, approve with conditions, or deny the application.~~issue a permit pursuant to 12 M.R.S.A. §685 B, for the Final Development Plan. ~~Such permit may contain reasonable conditions as the Commission may deem appropriate.~~

d. Amendments to the Final Development Permit

~~After issuance of the initial development permit authorizing Planned Development within a D-PD subdistrict, Minor changes in the location, siting, height, or character of buildings and structures may be authorized by the Director of the Commission may issue permit amendments if required by engineering or other circumstances not foreseen at the time of Final Development Plan approval.~~ No change shall be so authorized which may cause any of the following:

- (1) The addition of a land use not previously approved in the ~~Preliminary~~ Development Plan;
- (2) A material change in the site, scope or nature of the project;
- (3) A material increase in traffic volume;
- (4) A material reduction in open space, landscaping, or parking; or
- (5) A material change giving rise to adverse environmental impact.

All ~~other~~ amendments to the ~~Final~~ Development Plan proposed by the applicant shall require submission to and the approval of the Commission after consultation with the staff and due consideration of the standards set forth in Section 10.21,G,8,b.

e. Time for Construction

If no substantial ~~start~~development has occurred pursuant to the ~~initial development permit~~Final Development Plan by the later of: (a) 24 months after the date of approval by the Commission

or (b) expiration of any extension of time for ~~making a substantial start~~~~starting development~~ granted by the Commission, the approved ~~permit and previously approved Development Plan~~~~plan~~ shall become null and void and the D-PD subdistrict designation shall be deemed to be revoked and the original subdistrict(s) shall again apply. The deadline for making a substantial start on activity authorized in any permit amendment shall be specified in the amendment or, if not, shall be governed by Section 10.17.

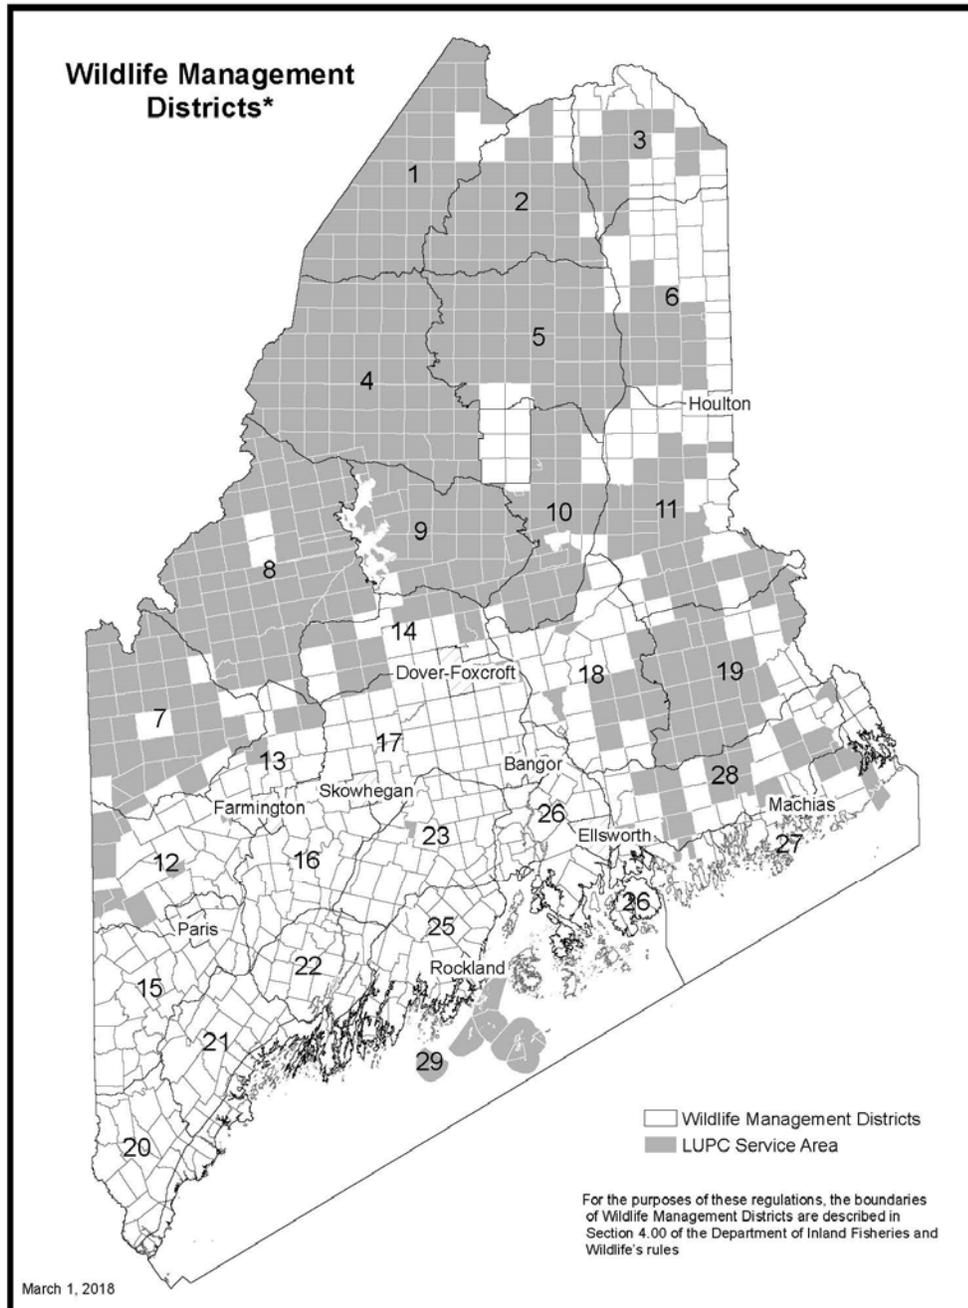

[Explanation: Revised to clarify the time of construction for activity authorized in amendments.]

10.23 PROTECTION SUBDISTRICTS

...

D. FISH AND WILDLIFE PROTECTION SUBDISTRICT (P-FW)

2018 Proposed Miscellaneous Rule Revisions:
PART 1: Statutory Consistency and Clean-up

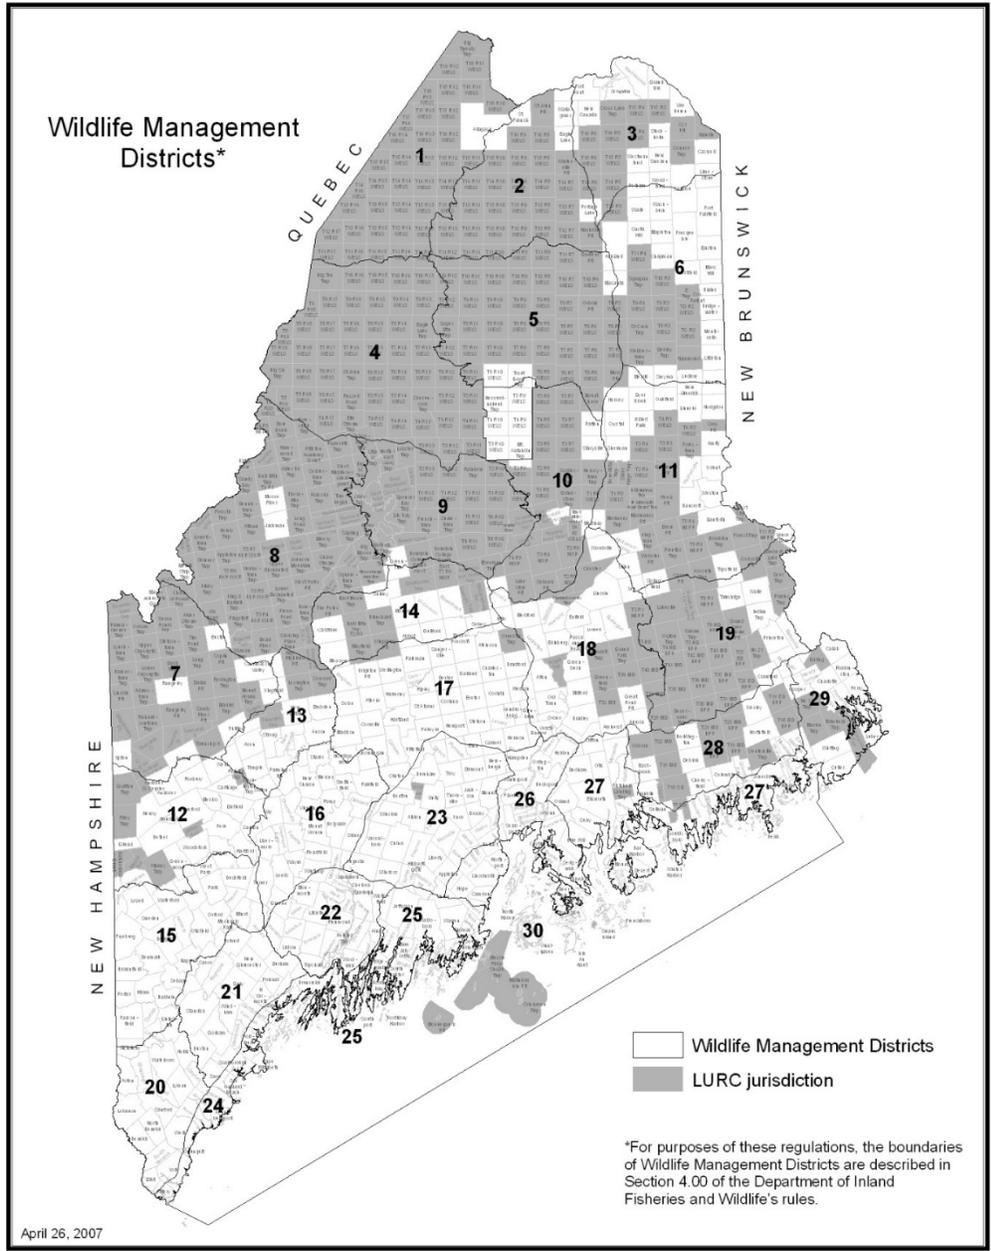

Figure 10.23,D-1 Wildlife Management Districts.

[Explanation: The updated figure replaces “LURC jurisdiction” with “LUPC Service Area” and updates the illustration of the Wildlife Management Districts.]

10.25 DEVELOPMENT STANDARDS

...

I. SUBSURFACE WASTE WATER DISPOSAL

1. No permit will be issued for a project with subsurface waste water disposal unless an acceptable plan to construct the absorption area is prepared. Where waste water is to be disposed on-site by a subsurface waste water system, the system shall be designed by a licensed site evaluator or a Maine Licensed Professional Engineer, in accordance with the Subsurface Waste Water Disposal Rules, or shall be licensed by the Maine Department of Environmental Protection pursuant to 38 M.R.S.A. § 413(1-B)(A).

[Explanation: Adding this will clarify that a permit will not be issued without either DHHS or DEP approval of a subsurface wastewater disposal system.]

...

U. AFFORDABLE HOUSING

...

5. **Affordable Housing Agreement Documentation.** The applicant shall submit for Commission review and approval an agreement between the Commission and documentation by the qualified housing entity which must include at least the following:

...

- h. A requirement for the submission of annual reports by the qualified housing entity to the Commission documenting that the terms of the agreement are being met regarding items 5,a- through f above, as applicable, are being met.

10.26 DIMENSIONAL REQUIREMENTS

...

G. EXCEPTIONS TO DIMENSIONAL REQUIREMENTS

...

19. The Commission may reduce the minimum setback requirements for guy wire anchors provided such reduction will not result in unsafe conditions.

10.27 ACTIVITY-SPECIFIC STANDARDS

...

L. TRAILERED RAMPS, HAND-CARRY LAUNCHES, AND WATER-ACCESS WAYS

...

5. Design and Construction Standards for Trailered Ramps and Hand-carry Launches

...

- a. **Erosion Prevention and Control During Construction.** Eroded soil or fill material from disturbed areas must be prevented from entering a water body. Properly installed erosion control measures, such as staked hay bales and silt fence, must be in place before the project begins. These erosion control measures must remain in place, functioning as intended, until the project area is permanently stabilized. Erosion and sedimentation control measures must comply with “Maine Erosion and Sediment Control Practices Field Guide for ContractorsBMPs,” Maine Department of Environmental Protection, ~~March 2003~~(2014).

...

O. PERMANENT DOCKING STRUCTURES

...

3. Normal Maintenance and Repair.

- a. In accordance with Section 10.02, normal maintenance and repair of permanent docking structures above the normal high water mark does not require a permit.

...

Q. RECREATIONAL LODGING FACILITIES

...

6. Campgrounds.

...

- b. In order to comply with transient occupancy standards, a tent, trailer, camper, recreational vehicle, or similar device used for camping may be stored within a ~~storage area on the premises of the~~ campground provided that the device is not ~~utilized or inhabited while located within the storage area that is not a campsite.~~ occupied for more than 120 days in a calendar year.

[Explanation: Revised to conform with 12 M.R.S. § 685-C(12). See also: Section 10.02,214.]

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY
MAINE LAND USE PLANNING COMMISSION

CHAPTER 10, LAND USE DISTRICTS AND STANDARDS

2018 Second Miscellaneous Rulemaking

Part 2: NRPA-related Changes

April 11, 2018, Draft

The following revisions propose changes to Chapter 10, *Land Use Districts and Standards for Areas within the Jurisdiction of the Maine Land Use Planning Commission*. This document only includes relevant sections of Chapter 10. Underlined text indicates additions and stricken text indicates deletions.

10.02 DEFINITIONS

...

81. Forested Wetland:

Freshwater wetlands dominated by woody vegetation that is ~~6 meters~~20 feet tall, or taller.

...

139. Non-Tidal Water Bodies:

All water bodies or portions thereof, which are not subject to ebb and flow as the result of tidal action, including bodies of standing water and flowing waters.

...

194. Shoreline:

The normal high water mark of a coastal wetland, ~~a body of standing water or non-tidal water body,~~ or flowing water~~the upland edge of a freshwater wetland.~~

...

###. Non-forested Wetland:

Freshwater wetlands not dominated by woody vegetation that is 20 feet tall or taller.

[Insert the term in the appropriate place based on alphabetical order and renumber all subsequent definitions.]

...

10.23 PROTECTION SUBDISTRICTS

...

N. WETLAND PROTECTION SUBDISTRICT (P-WL)

...

2. Description

a. Except as allowed in Section 10.23,N,2,d, w~~W~~ater bodies and areas meeting the definition of coastal or freshwater wetlands shall be included in P-WL subdistricts as described below:

(1) **P-WL1:** Wetlands of special significance:

(a) Areas enclosed by the normal high water mark of flowing waters and bodies of standing water, except for constructed ponds less than 10 acres in size which are not fed or drained by flowing waters;

Part 2, NRPA-related Changes

- (b) Coastal wetlands, together with areas below the normal high water mark extending seaward to the limits of the State's jurisdiction; or
- (c) Freshwater wetlands, as follows:
 - (i) Within 250' of the normal high water mark of a coastal wetland or any body of standing water greater than 10 acres;
 - (ii) Containing at least 20,000 square feet in total of the following: aquatic vegetation, emergent marsh vegetation, or open water, unless the wetlands are the result of constructed ponds less than 10 acres in size which are not fed or drained by flowing waters;
 - (iii) That are inundated with floodwater during a 100 year flood event;
 - (iv) Containing significant wildlife habitat;
 - (v) Consisting of, or containing, peatlands, except that the Commission may determine that a previously mined peatland, or portion thereof, is not a wetland of special significance;
 - (vi) Within 25 feet of the normal high water mark of a flowing water; or
 - (vii) Containing a natural community that is critically imperiled (S1) or imperiled (S2).

(2) **P-WL2:**

- (a) Scrub shrub and other non-forested freshwater wetlands, excluding those covered under P-WL1; and
- (b) Constructed ponds less than 10 acres in size which are not fed or drained by flowing waters.

(3) **P-WL3:** Forested freshwater wetlands, excluding those covered under P-WL1 and P-WL2.

b. Areas meriting protection as P-WL1, P-WL2, or P-WL3 subdistricts will be identified by the Commission after consideration of relevant data including, without limitation:

(1) Identification of freshwater and coastal wetlands 15,000 square feet or larger by the National Wetlands Inventory; and

(2) When on-site delineation is required, identification of freshwater and coastal wetlands of any size by methods described in the "Corps of Engineers Wetlands Delineation Manual," U.S. Army Corps of Engineers (1987) and the "Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Northcentral and Northeast Region," U.S. Army Corps of Engineers (Version 2.0, January 2012).

...

d. Areas that qualify for inclusion in a P-WL subdistrict pursuant to Section 10.23,N,2,a may remain in an existing development subdistrict or be included in a new development subdistrict. A person engaging in a land use activity requiring a permit within a portion of a development subdistrict that otherwise could be zoned P-WL must comply with all applicable land use standards, including the standards of Section 10.25,P, Protected Natural Resources.

10.25 DEVELOPMENT STANDARDS

...

P. PROTECTED NATURAL RESOURCES

...

2. Water Bodies and Wetlands.

The following requirements apply to ~~wetland~~ alterations of non-tidal water bodies, freshwater wetlands, and coastal wetlands, regardless of whether they are located in a P-WL subdistrict, for Uses Requiring a Permit and Special Exceptions in ~~Section 10.23,N,3Sub-Chapter II~~. Except as hereinafter provided, water body or wetland alterations not in conformance with the standards of Section 10.25,P are prohibited.

a. Procedural Requirements.

(1) Area of Project Alteration.

- (a) If a proposed activity requires a permit and will alter 15,000 or more square feet of wetland area, or 1 acre or more of overall land area, the applicant must delineate on the ground and in a site plan all wetlands within the general project area using methods described in the "Corps of Engineers Wetlands Delineation Manual." U.S. Army Corps of Engineers. (1987) and the "Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Northcentral and Northeast Region." U.S. Army Corps of Engineers. (Version 2.0, January 2012).
- (b) In determining the area of wetland alteration or overall land alteration, all components of a proposed activity, including all phases of a multiphased project, are treated together as constituting one single and complete project.

(2) Level of Permit Review.

The level of permit review required depends upon the size of the proposed wetland alteration and the ~~P-WL subdistrict~~type of wetland involved. If any part of the overall project requires a higher level of review, then the whole overall project will be reviewed under that higher tier, unless otherwise authorized by the Commission:

- (a) Tier 1 reviews apply to projects altering 4,300 up to 15,000 square feet of P-WL2 wetlands, P-WL3 wetlands, or P-WL1 wetlands where the wetland is included as a P-WL1 wetland of special significance solely on the basis of its containing an S1 or S2 natural community.
- (b) Tier 2 reviews apply to projects altering 15,000 up to 43,560 square feet (one acre) of P-WL2 or P-WL3 wetlands.
- (c) Tier 3 reviews apply to projects altering any area of P-WL1 wetlands except as otherwise provided in Section 10.25,P,2,a,(2),(a), or one acre or more of P-WL2 or P-WL3 wetlands.

Alterations of P-WL1 wetlands may be eligible for Tier 1 or 2 review if the

Commission determines, at the applicant's request, that the activity will not have an unreasonable negative affect on the freshwater wetlands or other protected natural resources present. In making this determination, consideration shall include but not be limited to, such factors as the size of the alteration, functions of the impacted area, existing development or character of the area in and around the alteration site, elevation differences and hydrological connection to surface water or other protected natural resources.

- (d) For wetlands not located in a P-WL subdistrict, the level of permit review will be determined based on the type of wetland and consistent with the descriptions in Section 10.23,N,2,a. ~~When wetland delineation is required, the level of permit review required will be determined by the type of wetland indicated through delineation.~~

...

10.26 DIMENSIONAL REQUIREMENTS

...

D. MINIMUM SETBACKS

1. The minimum setbacks for structures, other than those described in Section 10.26,D,2 and except as provided in Section 10.26,G are:
 - a. 75 feet from the nearest shoreline of a flowing water draining less than 50 square miles, a body of standing water less than 10 acres in size, or a coastal wetland, and from the upland edge of non-forested wetlands ~~designated as~~located in P-WL1 subdistricts;

...
2. The minimum setbacks for multi-family dwellings and commercial, industrial, and other non-residential principal and accessory structures, other than those described in Section 10.26,D,1 and 3 and except as provided in Sections 10.26,G and 10.27,Q are:
 - a. 100 feet from the nearest shoreline of a flowing water draining less than 50 square miles, a body of standing water less than 10 acres in size, or a coastal wetland, and from the upland edge of non-forested wetlands ~~designated as~~located in P-WL1 subdistricts;

...
4. **Campsites.**
 - a. Campsites shall be set back such that the area designed for camping, including cleared or graded areas, fire rings, tables, and related construction, is at least 75 feet from shorelines, 25 feet from property lines, 30 feet from roads in D-RS and D-GN subdistricts, and 50 feet from roads in all other subdistricts. Any structure located at or as part of a campsite shall also be set back 75 feet from the upland edge of non-forested wetlands ~~designated as~~located in P-WL1 subdistricts. Notwithstanding the above, the area designed for camping must be setback at least 10 feet from roads internal to a campground, and campsite parking areas maybe located adjacent to such roads, except that the Commission may require a greater setback where necessary due to site conditions in order to protect public safety.

...

10.27 ACTIVITY-SPECIFIC STANDARDS

...

F. FILLING AND GRADING

- ...
1. Within 250 feet of ~~water bodies and wetlands~~P-WL1 subdistricts, the maximum size of a filled or graded area, on any single lot or parcel, shall be ~~5,000~~4,300 square feet. This shall include all areas of mineral soil disturbed by the filling or grading activity; ~~and~~
 2. Beyond 250 feet from ~~water bodies and wetlands~~P-WL1 subdistricts, the maximum size of filled or graded areas, ~~as described above~~, shall be 20~~15~~,000 square feet, except that ~~there shall be no limit to the size of filled or graded areas~~ in M-GN subdistricts which are greater than 250 feet from ~~water bodies and wetlands~~P-WL1 subdistricts, the maximum size of the filled or graded areas shall be less than 1 acre. ~~In such M-GN subdistrict areas, the provisions of Section 10.27,F,4 and 6 shall apply; and~~
 3. Clearing of areas to be filled or graded is subject to the clearing standards of Section 10.27,B; ~~and~~
 4. Imported fill material to be placed within 250 feet of ~~water bodies~~P-WL1 subdistricts shall not contain debris, trash, or rubbish ~~or hazardous or toxic materials~~. All fill, regardless of where placed, shall be free of hazardous or toxic materials; ~~and~~
 5. Within 250 feet of ~~major flowing waters, bodies of standing water and~~ P-WL1 wetlands~~subdistricts~~, the sustained slope between the normal high water mark or the upland edge of the resource and the soil disturbance shall be no greater than 20%. For the purposes of this standard, sustained slope means a change in elevation where the referenced percent grade is substantially maintained or exceeded throughout the measured area. The provisions of this paragraph apply only to a face sloping toward the water body or wetland; ~~and~~
 6. Where filled or graded areas are in the vicinity of water bodies or wetlands, such filled or graded areas shall not extend closer to the normal high water mark of a ~~flowing water, a body of standing water~~non-tidal water body, ~~or a~~ coastal wetland, or the upland edge of a freshwater wetland ~~identified as located in a~~ P-WL1 subdistrict than the following:
 - a. For a minor flowing water, body of standing water less than 10 acres in size, coastal wetland, or freshwater wetland located in a P-WL1 subdistrict: 75 feet; and
 - b. For a major flowing water and body of standing water 10 acres or greater in size: 100 feet; ~~and~~
 7. All filled or graded areas shall be promptly stabilized to prevent erosion and sedimentation.

Filled or graded areas, including all areas of disturbed soil, within 250 feet of ~~water bodies and wetlands~~P-WL1 subdistricts, shall be stabilized according to the Guidelines for Vegetative Stabilization contained in Appendix B of this chapter.

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY
MAINE LAND USE PLANNING COMMISSION

CHAPTER 10, LAND USE DISTRICTS AND STANDARDS

2018 Second Miscellaneous Rulemaking

**Part 3: Cleanup of Appendix C – Alphabetical List of Lakes Showing
Wildland Lakes Assessment Findings**

April Comment Draft

The following revisions propose amendments to Chapter 10, Land Use Subdistricts and Standards for areas within the Jurisdiction of the Maine Land Use Planning Commission. This document only includes relevant sections of Chapter 10, indicates additions in underline, deletions as ~~strikethroughs~~, and relocations as double underline and double ~~strikethroughs~~.

Generally, these revisions include the following data corrections for one or more listings:

- Lake identification numbers;
- Resource ratings, resource class, land use designations, or management classification;
- Alphabetical order;
- Columnar data shifts;
- Minor civil division and lake name changes; and
- Improve legibility by changing font and adding border; and
- Add a footnote for lakes with more than one management class
