Matt,

I am forwarding MDIFW comments following the site visit on May 26, 2021. Can you address, MDIFW's recommendations/requests for the Phase 1 portion. Have any of the habitat surveys been completed? One of the criteria for approval under the Commission's rules and for which I have to make a finding is that there is *no undue adverse effect on existing uses, scenic character, and natural and historic resources in the area*. Based on MDIFW's comments, additional information will be needed to reach that conclusion for some aspects of the project. Thanks!

Debbie

Hi All,

I just wanted to forward on some additional information that I requested from Sewall on the snowmaking lines, new section of road, and setbacks (see attached). I've reiterated the need for those surveys. Thanks!

Debbie
