

## Outcome Based Forestry Technical Advisory Panel

**Mike Dann** is a retired forester from Dixmont, Maine. He earned a BS in Forest Management from the University of Maine Orono and is a Licensed Forester. He has 40 years' experience in natural resource management; 36 years with Seven Islands Land Company and 4 years with SWOAM. He is a member of SWOAM, Maine Forest Products Council, Forest Resources Association, and the Society of American Foresters. He also is a Tree Farmer. He is an FSC forest management and chain of custody auditor.

**Gary Donovan** is a retired wildlife biologist from Holden. He earned a BS in Wildlife Management from the University of Maine and is a Certified Wildlife Biologist since 1980. He is a member of the Wildlife Society, Washington D.C. Since his retirement in 2006, he has served as the Habitat Management Coordinator for the Wildlife Management Institute in Washington and since 2010 has been Maine's Habitat Management Coordinator for the Northern and Appalachian Mountain Young Forest Initiatives. He worked for the Maine Department of Inland Fisheries and Wildlife from 1969 to his retirement in 1995, and then spent the next ten years working for Champion International Corp in Bucksport and later International Paper when Champion was sold. He has won numerous professional awards and served on many special assignments and appointments.

**Maxwell McCormack, Jr.** is a retired professor of silviculture from the Maine School of Forestry and a Research Professor Emeritus of Forest Resources at the University of Maine. He currently is a consultant from his home in Unity. He is a member of many professional organizations including the Society of American Foresters, the Weed Society of America, the Northeastern Weed Science Society, Maine Forest Products Council, Maine Christmas Tree Association, The Nature Conservancy, SAM and many more. He received numerous honors throughout his distinguished career. Dr. McCormack is a graduate of the University of Maine with a BS in Forestry, earned both an MF and DF in Silviculture from Duke University. He is a licensed Maine forester.

**David Struble** is the Director of the Maine Forest Service's Forest Health & Monitoring Division, and State Entomologist. His 40+-year career with the Maine Forest Service has focused on monitoring and evaluating forest health and sustainability, and developing pest management options for Maine's forest and shade tree owners. He serves on a number of regional and national task forces and US Forest Service program oversight/management committees. Mr. Struble is a graduate of the University of Maine with a BS in Forestry and an MS in Entomology. He is a licensed Maine forester.

**Peter Triandafillou** is from Orono and is the current Vice President of Woodlands for Huber Resources Corp. He is a member of the Maine Forest Products Council, the North Maine Woods and the Society of American Foresters. He is currently a licensed Maine Forester and participated on numerous public boards including outcome based forestry, LURC reform, sustainable forestry, Maine wood supply and state-wide water quality rules. He currently serves on the Maine Development Foundation Board of Directors and formerly was on the Maine Technology Institute Board of Directors.

**Robert Wagner** is the Director of the University of Maine's School of Forest Resources and Center for Research on Sustainable Forests. He holds the Henry W. Saunders Distinguished Professor in Forestry. His 30-year research career has focused on forest resource issues in New England, Canadian boreal forest, and Pacific Northwest. He has authored well over 100 publications in the fields of silviculture, forest ecology, and vegetation management. Dr. Wagner has a Ph.D. in silviculture from Oregon State University, a M.S. in forest ecology from the University of Washington, and a B.S. in forest management from Utah State University.
