TERMS AND CONDITIONS OF APPLICATION/AGREEMENT

By applying for this grant, the applicant (the ATV Club) agrees to the following terms and conditions together with any other terms that are stated in the grant application or approval:

A. All grant money received under the program must be used only for construction and maintenance of the ATV trails specified in the grant application. For purposes of this grant, trail construction and maintenance includes removing rocks, stumps, and debris, trail brushing, constructing or repairing bridges, and developing erosion control features such as ditches and water bars. It also includes the cost of gas, oil, and reasonable rates for heavy equipment use, backing material for signs and bridges, and reasonable labor expenses if actually paid to a person who is hired to work on the trails. All expenses to be reimbursed are subject to the approval of the Division.

B. The applicant's trails must be established only on land where it has received permission from the landowners (and tenants, where applicable) to use for ATV trail purposes. By signing the application, the applicant's president must certify that landowner permission has been obtained for all trails included in the application.

C. The applicant and its members must ensure, and will continue to ensure, that the trails and related facilities are safe, in good condition, and conform with all applicable laws and regulations, including obtaining all necessary local, DEP and/or LURC permits, and maintaining adequate trail signs, as provided by Division guidelines.

D. The trail(s) must aggregate at least 5 miles in length and must be open to the general public for ATV use. Landowners and tenants giving permission to use the land must have been notified the trails are open to the general public for ATV use. The trails must not be part of a system that another grantee has applied for or received a grant under this program.

E. A map of the trail location must be submitted with the application and will be incorporated into the agreement.

F. Approved applicants must submit a request for reimbursement form (supplied by the Division) to the ATV Program in order to have expenses considered for full reimbursement. The completed request must be received by the Division, or postmarked, no later than January 31st. Request forms postmarked after January 31st, forfeit 10% of the total approved amount for each day the request is late, and may be subject to further reductions if the Division determines it no longer has the funds on hand to meet the request.

G. An explanation of expenditures including worksheets must accompany the reimbursement request. All supporting materials (bills & invoices) must be submitted to the ATV Program on request and be available for up to three years for audit by the Division. If the grantee does not comply with this requirement, the grantee forfeits the reimbursement.

H. The Division has sole discretion to determine if expenditures are permitted and reasonable and the club has complied with the terms of the agreement and all applicable laws, rules and regulations. After making this determination, the Division will pay the approved expenditures up to the amount stated in the application, provided funds are available in the appropriate Division account as determined by the Division.

I. Title 5 M.R.S.A.; §784(2) provisions on nondiscrimination in employment apply to the agreement.

J. The applicant agrees not to assign, transfer, lease or encumber its rights or obligations under the agreement or to the trails, without the Division's prior written consent. Except for proceeds received by the Division under any liability insurance policy, the applicant shall indemnify, defend, and save the State and its employees harmless from and against any claims, losses, liabilities, costs, expenses, damages or other obligations of any nature in any way arising out of the use, occupation, maintenance, repair or development of any trails or related facilities or equipment used in connection with the grant. The Division shall have no responsibility or liability for the maintenance or use of the trails. The Division may, in its discretion, provide an insurance policy that, subject to its terms, provides liability coverage to itself, the landowner, and/or the approved applicant covering the use of the property by the applicant and members of the public pursuant to the terms of the grant and this rule.

K. The State may at any time inspect any facilities or equipment in connection with the agreement.

L. The applicant must be a non-profit corporation in good standing with the Secretary of State, Bureau of Corporations, Elections and Commissions.
