Funding to support the effort in 2022 is being requested in the amount of \$6,432, which is the same funding amount provided by the Board in 2021. The funding has been accounted for in the Board's FY22 budget.

5. Medical Advisory Committee Interim Report on Herbicide Use at Schools and Human Health

At the July 16, 2021, meeting, the Board reviewed pesticide-related bills enacted by the Maine Legislature. LD 519—An Act to Protect Children from Exposure to Toxic Chemicals, directed the Board to convene the Medical Advisory Committee (MAC) to assess the human health impacts of herbicide use on school grounds. At the same meeting, the Board agreed that the MAC should take up the LD 519 directive to evaluate the potential impact of herbicides used on school grounds on human health. Following three meetings of the MAC, staff have prepared an interim report incorporating commentary from MAC members. This report has been reviewed by MAC members and includes recommended next steps approved

by MAC members. Staff will provide an overview of the report for Board consideration, discussion, and approval/disapproval. LD 519 required submission of a report by February 1, 2022.
