**EVALUATION OF SECTION III
Proposed Services**

	<u>Points Available</u>	<u>Points Awarded</u>
Section III. Proposed Services	40.00	12.00

Evaluation Team Comments: Bidder states its platform processes verification requests upon completion of the second factor (Login.gov) grant of consent by the applicant. This client-permissioned data access solution requires direct client/applicant access and, thus, is not compatible with the Department’s workflow within the employment verification process.

AGREEMENT AND DISCLOSURE STATEMENT
RFP #: 202501012
RFP TITLE: Employment verification Services

I, Shannon Courtois, accept the offer to become a member of the Request for Proposals (RFP) Evaluation Team for the State of Maine Department of Health and Human Services. I do hereby accept the terms set forth in this agreement AND hereby disclose any affiliation or relationship I may have in connection with a bidder who has submitted a proposal to this RFP.

Neither I nor any member of my immediate family have a personal or financial interest, direct or indirect, in the bidders whose proposals I will be reviewing. "Interest" may include, but is not limited to: current or former ownership in the bidder's company; current or former Board membership; current or former employment with the bidder; current or former personal contractual relationship with the bidder (example: paid consultant); and/or current or former relationship to a bidder's official which could reasonably be construed to constitute a conflict of interest (personal relationships may be perceived by the public as a potential conflict of interest).

I have not advised, consulted with or assisted any bidder in the preparation of any proposal submitted in response to this RFP nor have I submitted a letter of support or similar endorsement.

I understand and agree that the evaluation process is to be conducted in an impartial manner without bias or prejudice. In this regard, I hereby certify that, to the best of my knowledge, there are no circumstances that would reasonably support a good faith charge of bias. I further understand that in the event a good faith charge of bias is made, it will rest with me to decide whether I should be disqualified from participation in the evaluation process.

I agree to hold confidential all information related to the contents of Requests for Proposals presented during the review process until such time as the Department formally releases the award decision notices for public distribution.
