Evaluation Team Comments:

Unable to find online presence for company, but the information they have provided proves they are a legitimate company and are able to provide services listed in RFP. They are worthy to be considered for these services.

This company listed a detailed scope of spring cleanup that was mentioned in RFP.

This company previously did snow plowing work at the YJC. Very responsive and attentive to the needs of the services that were provided. Always going above and beyond to get the work done.

Local company.

Section I. Preliminary Information

Evaluation Team Comments:

The company appears to focus on snow removal and has locations throughout New England. The company does appear to have a location in Lewiston. NELTS has the equipment to do the services listed in the scope. Street sweepers, skidders, to name a few and appears they would have the equipment for the lawn care services at YJC. The proposal describes snow removal in detail and appears to have lawn care as a secondary business.

	<u>Points Availabl e</u>	<u>Points Awarde d</u>
Section III. Proposed Services	30	19

Evaluation Team Comments:

The proposal has assurances that they can do the services but not a lot of detail on the scope that was provided in the RFP. The watering part of the proposal was vague, and nothing mentioned on the changing of climate conditions.

The proposal wasn't specific to the scope and the services that are needed to be provided. They stated what they can do but wasn't specific to the needs of the RFP. They are light on the details, and they don't have many references in regards to lawn care services they have provided.

Due to the vagueness of the description on the scope of services it seems they are experienced in snow plowing but not the specific needs and the details that is needed at the YJC.
