Re: Bypass of MSW

Dear Wayne:

This letter is a follow-up to our telephone conversation of earlier today. As I explained earlier PERC is in an unscheduled outage and will be unable to accept MSW deliveries for a few days. PERC would like to bypass approximately 800 to 1000 tons of MSW daily to your Juniper Ridge Landfill. The problem that created the outage is currently being analyzed, I will keep you informed of our progress and the length of time we expect to bypass MSW to your facility.

Please feel free to give me a call with any questions.

Sincerely,  
Penobscot Energy Recovery Company
