FINDINGS OF FACT

After review of the air emission license amendment application, staff investigation reports, and other documents in the applicant's file in the Bureau of Air Quality, pursuant to 38 Maine Revised Statutes (M.R.S.) § 344 and § 590, the Maine Department of Environmental Protection (Department) finds the following facts:

The license was subsequently transferred to Southport Yachts, LLC (Southport) on September 26, 2017 (A-1122-71-B-T). 650 River Avenue
Gardiner, ME 04345

The full name and new mailing address of the facility is as follows:

B. Annual Emissions

The facility's licensed annual emissions are not changing with this amendment and shall remain as currently licensed.

ORDER

Based on the above Findings and subject to conditions listed below, the Department concludes that the emissions from this source:

- will receive Best Practical Treatment,

The Department hereby grants Air Emission License Amendment A-1122-71-C-M subject to the conditions found in Air Emission License A-1122-71-A-N.

Severability. The invalidity or unenforceability of any provision of this License Amendment or part thereof shall not affect the remainder of the provision or any other provisions. This License Amendment shall be construed and enforced in all respects as if such invalid or unenforceable provision or part thereof had been omitted.

There are no amended or additional license conditions as a result of this license amendment.
