Re: Release of Information to EPA

Dear Ms. Cahaly:

The Maine Department of Environmental Protection (MEDEP) received the request from United States Environmental Protection Agency (EPA) for the Portland Bangor Waste Oil (PBWO) site logbooks and driver's log sheets, in order to make copies.

Our understanding is that the EPA needs copies of these documents in response to a Freedom of Information Request by the West Site Potential Responsible Parties.

The MEDEP agrees to temporarily release the original site logbooks and the driver's log sheets to the EPA under the following conditions:

1. The original documents are to be returned to TechLaw, immediately after copying these documents.
2. In exchange for releasing the documents, the EPA agrees to prepare an extra set of copies to be sent to the MEDEP at the following address:

Maine Department of Environmental Protection

Sincerely,
