Mr. Erle Townsend  
Maine Department of Environmental Protection  
17 State House Station  
Augusta, ME 04333

Dear Mr. Townsend,

The Canton Trail Riders ATV Club is aware of the Canton Mountain Wind Project being proposed on Canton Mountain by Patriot Renewables, LLC of Quincy, MA. We have discussed the impacts the project may have on the local Canton ATV trail network with company representatives and feel confident that Patriot will work with us during construction to mitigate impacts to our ATV trail.

We appreciate the concern the state's concern for the ATV trail network as well as the opportunity to work directly with the developer.

Please feel free to contact me with any questions.

Thank you,

A handwritten signature in blue ink, appearing to read "Brian Jordan".
