

NOTICE OF FILING

Please take notice that Evergreen Wind Power II, LLC and Maine GenLead, LLC (the “Applicants”), subsidiaries of First Wind, with its principal offices at 179 Lincoln Street, Suite 500, Boston, MA 02111, (617-960-2888) have filed a Natural Resources Protection Act permit amendment application and a Site Location of Development permit amendment application, pursuant to the provisions of 38 M.R.S.A. §§ 480-A et seq. and 38 M.R.S.A. §§ 481-490, respectively, and regulations thereunder. These amendment applications have been filed with the Department of Environmental Protection (DEP). The Applicants are also seeking a Section 401 Water Quality Certification pursuant to 33 U.S.C. § 1341.

The applications will amend the permit for the Oakfield Wind Project by reducing the number of turbines in the original project area by 9 turbines; adding 15 turbines in Oakfield to the east of the existing project area; adding 10 turbines in T4R3 WELS to the south of the existing project; changing the turbine type; adding an electrical substation on South Oakfield Road; and constructing a 115kV transmission line from Oakfield to the Keene Road substation in Chester. Portions of the transmission line would be located in Oakfield, Linneus, T4R3 WELS, T3R3 WELS, Glenwood, Reed, North Yarmouth Academy Grant, Macwahoc, Molunkus, Mattawamkeag, Woodville and Chester. The total number of turbines for the project would increase from 34 to 50, with the capacity to generate up to 150 megawatts of electricity.

The applications will also be available for inspection at the Oakfield, Linneus, Mattawamkeag, Woodville and Chester Town offices. Requests for a DEP public hearing must be made by August 9, 2011. Comments on the applications will be accepted at any time during the period the application is processed.

Questions about the application may be directed to Alec Jarvis of Evergreen II, LLC at (207) - 228-6869
