Subject: Keep Maine's Air Clean!

Dear Jeffrey Crawford,

I oppose the Department of Environmental Protection's petition to take most of Maine out of the Ozone Transport Region. Try to remember what DEP stands for (the letters that is!) Your task is to PROTECT the environment, and thus the people. Given our geographic position, we need strong clean air protections in those upwind states, and in order to achieve that, we need to stay fully committed to this agreement. Maine has some of the highest rates of asthma in the entire country, and we sit at the tailpipe of the nation. We need to continue to move forward on clean air protections instead of backward. Thank you.

Sincerely,
Joanne Dunlap
