RE: 2019 Annual Report
Waste Management Disposal Services of Maine, Inc. – Crossroads Landfill
Norridgewock, Maine

Dear Linda:

This submittal serves as the 2019 Annual Report for the Waste Management Disposal Services of Maine, Inc. – Crossroads Landfill (WMDSM) located in Norridgewock, Maine. This report was prepared in accordance with the Maine Solid Waste Management Regulations. A single annual report for the facility is being submitted. Please note that the annual reporting fees for the Commercial Transfer Station (currently used as a material recovery facility), Airport Road Transfer Station (residential), and the two secure landfills (Phase 8 and Phases 9/11/12) were previously paid in March 2020 in the amount of \$8,158. In addition, a check for \$371 for the annual report fee associated with the Tire Processing Facility was submitted to the Department on February 19, 2020.

We believe the attached annual report and accompanying information fully addresses the MDEP solid waste regulations relative to preparing a summary of 2019 operations at the Crossroads Landfill facility. If you have any questions concerning this report, please call me at your convenience.

Sincerely,

Waste Management Disposal Services of Maine, Inc. – Crossroads Landfill
