# DEP limits public walk-in access to offices

March 18, 2020

Effective Thursday, March 19, 2020, DEP's offices located in Augusta, Presque Isle, Bangor and Portland are closed to the public until further notice in order to minimize the potential for virus exposure. At this time, the reception areas in each location will remain open for members of the public who wish to drop off paper documents and applications. [DEP's COVID-19 page \(https://www.maine.gov/dep/coronavirus.html\)](https://www.maine.gov/dep/coronavirus.html) has more information on changes to DEP programs and processes during this time. DEP staff remain on duty and available by phone or via email.
