Dear Ruth Burke,

Thank you for speaking with me today and for the information on how to submit my NECEC permit comments.

The DEP should suspend NECEC'S construction permit. I don't support their substantial alteration of public land. The Bureau of Public Land didn't follow proper procedures as the court stated.

I agree with the DEP's commissioner that this represents a change in circumstances that warrants suspending their environmental permit.

I don't support their project. I don't have faith in their process of obtaining the required permits or following procedures and regulations correctly.

Thank you,
Karl Rawstron
