CMP is continuing to press forward with its corridor, oblivious to the will of Maine's people, which we clearly expressed in the recent referendum. Once a section of forest is destroyed, it can take up to 100 years to regrow the forest, especially in hardwood areas. Animal habits are disrupted. Vital nutrients are removed from the ecosystem. Given the outcome of the referendum, they absolutely should not be allowed to continue this destruction until the courts have had the opportunity to review the case. Please respect Maine's people and its environment and suspend CMPs permit.
