Mark Bergeron, Director, Bureau of Land Resources
Department of Environmental Protection
17 State House Station
Augusta, ME, 04333-0017

Dear Mr. Bergeron

Maine needs jobs right now. I have several friends and family members that depend on the next construction project to get by, and I know that the next big project for Maine is the New England Clean Energy Connect project. This project will give Mainers another change to build something great for our state while supporting their families. Join us in supporting this project.

Best,

HUGO A. PUIG BARBERA
