My name is Jackson Moore I'm 24 yrs old. I'm a local union 104 IBEW journeyman lineman. I'm from Belgrade, Maine and now live in Mt.vernon, Maine I also have a camp in Carrabassett Valley, Maine and I support the NECEC transmission line project. I'm an avid skier, snowmobiler, and hunter i love Maine's woods and mountains and cant count the amount of time and hrs that my friends and I have spent riding snowmobiles and hunting on right of ways. I feel as if this will bring tons of business to the northern region. Eustis Maine in the winter time and further up rt 27 is mainly support by snowmobilers this could open up an entirely new trail. Think about how many camps and condos will be rented by workers and I also believe at some given time a logging company will clear cut part of the land anyways. Again I support the NECEC transmission line project.
