

6.0 ATTACHMENT 6 - ADDITIONAL PLANS

As part of the development across the Eckrote Parcel, an existing culvert channeling stream S8 beneath the driveway between wetlands W10 and W12 will be replaced. The location of new culvert is shown in **Figure 6-1**, which is a subsection of plan CS103. A detail view of the proposed replacement culvert is also shown in **Appendix 6-A**.

Figure 6-1: Location of the culvert to be replaced on the Eckrote parcel.
