Hello -

My name is Lisa Sadler and I live in Belfast on Village Rd. I'd like to express my high concern about this fish farm going in. It seems Maine is the place to be putting these businesses in and I'm concerned about the accumulative effect of having these along our coastline. I'm concerned about the long term impacts on our bay. I'm concerned about the carbon footprint of such an industry. I do not think this is a good fit for Maine or Penobscot bay or for our environmental future. Thank you!
