RE: Roxbury Wind Project, Roxbury, Oxford County
DEP # L-27863-ES-A-N, L-27863-NJ-B-N, L-27863-TG-C-N

Dear Erle:

Enclosed please find a motion to reopen the record for the limited purpose of submitting additional information on the preferred interconnection option for the RoxWind project. The Applicant understands and agrees to toll the statutory review period for the time required to consider this additional information. Given the nature of the information being provided, we would not expect to toll the review period for more than two weeks, which would allow the parties to comment on the information and the DEP to consider the information. If the DEP concludes that additional time is required, please let us know so that we may evaluate the implication of additional delays.

Thank you for consideration of this material, and please do not hesitate to contact me if you have any questions.

Sincerely,

Juliet T. Browne
