Hi Elena -

I mentioned in today's meeting about guidelines for recyclability for paper products and Western Michigan University is one place this testing can be conducted. Attached are a couple resources for you to see exactly what I was talking about. As a packaging design engineer, these are the test methods and guidance protocols I used to make sure the paper packaging we develop/use are or should be recyclable.

https://www.afandpa.org/sites/default/files/2021-08/AFPADesignGuidanceforRecyclability_FINAL_031621.pdf

https://sustainablepackaging.org/wp-content/uploads/2023/01/SPC_Paper-Pkg-Report_FINAL.pdf

I hope you find this useful.
