Total Length of Boom

feet

Unless otherwise indicated, the boom length given is straight line distance as measured on the map. Actual length required will vary with conditions, and increase with current.

Strategy Implementation

This is a 1 part exclusionary strategy.

1. Establish communications with Command Center.
2. Use current to assist deployment.
3. Deploy Resources:

Protect culvert on inland side of road on Rt. 1 just north of Causeway Rd.

4. Observe deployment for stability and adjust as necessary.

Site Access

Rt. 1A north of Causeway Rd.
