

St. George River

Site, Strategy & Chart #	C-09	C-09-1	13301
Port Region	Penobscot Bay		
Latitude Longitude	44 1.164 N	69 12.792 W	
Water Depth Range	10 - 30'	feet	
Max Current (knots)	<i>Flood</i> 1 knot	<i>Ebb</i>	<i>Source</i>
Nearest Boat Ramp	Thomaston boat launch		
Strategy Type	Deflection / Collection		
Type of Boom	Harbor		
Length of Boom	3000	feet <i>Unless otherwise indicated, the boom length given is straight line distance as measured on the map. Actual length required will vary with conditions, and increase with current.</i>	
Strategy Implementation	Place three 1000 foot sections of harbor boom across St. George River. Collection at parking area on west side of the river.		
Site Access	West shore access via Rte 1 to 97S to River Road and Fire Road 14.		
Staging Areas	Parking area on west side of river.		
Collection Points	n/a		
Environmental Concerns	Strategy is to protect tidal flats in upper river from spill coming in from ocean side. Could also be reversed for spill at Thomaston by anchoring eastern end near Fort. Pt.		
EVI Map #	36		
Shoreline Types	Rocky shores	Mud flats, sheltered
