

# Overview of Training

Come and learn your responsibilities under the Damage Prevention Law. The basic theory of pipe locators will be discussed and demonstrated. You will see how to transmit and receive signals with a line locator. Hands-on with equipment and actual use in the field will be done as each site will accommodate. Better yet: Bring your own locating equipment and our speaker will help you with any questions you may have.

# Who Should Attend?

Water and wastewater system operators, superintendents, public works personnel, municipal officials, contractors and inspectors.

# Instructors:

- Dennis Hayden**, Maine PUC
- Rick LeClair**, Maine PUC
- Warren Verga**, 360 Utility Solutions

*If you would like MRWA to hold a training course at your facility please contact Cindy Wade at 207-737-4092 or via email at [cwade@mainerwa.org](mailto:cwade@mainerwa.org)*
