WIC doesn't count **Combat Related Pay** in the income assessment. Ask the following questions to see if the pay is related to combat:

1. Does the person receive this pay in addition to the base pay?
2. Is this pay the result of deployment to a designated combat zone?
3. Does the person only receive this pay while deployed to the combat zone

If Yes to all 3 questions don't count as income. This qualifies as combat related pay.
