

Maine Center for Disease Control and Prevention  
**Monthly STD/HIV Data Update**  
Cases diagnosed from January 1 to April 30, 2007

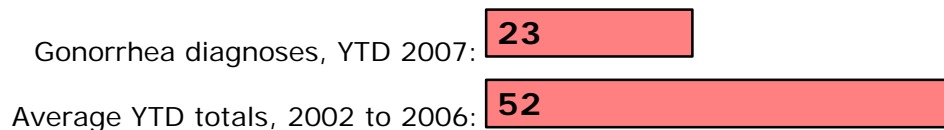

This monthly Update provides summary year-to-date (YTD) data about HIV and STD in Maine. For each disease, the YTD total is shown and compared to the average YTD total for the past five years. Please note that totals presented here may change because of reporting delays or pending epidemiologic investigations.
