TTY Users: Dial 711 (Maine Relay)

To: Maine Immunization Providers
From: Maine Immunization Program
Subject: Maine Immunization Program Annual Conference
Date: September 18, 2013

This year's Annual Maine Immunization Program conference will be held on November 13, 2013 at the Augusta Civic Center. There will be no conference in the spring.

This year's conference will be a joint conference held in conjunction with the Division of Infectious Disease's Epidemiology, HIV, STD and Viral Hepatitis Programs.

This is an opportunity to hear from these programs in addition to the Maine Immunization Program.

The Maine Immunization Staff will be available all day to answer your questions and there will be many topics throughout the day on Immunization.

We also will have a dedicated time to speak with the Impact staff directly to answer any and all of your questions. Be sure to sign up for a session!!

Topics on the agenda related to Immunization are:

- Dermatologic Skin Manifestation of Infectious Disease
 - Emerging Issues in Bio - Terrorism
 - School located Vaccine Clinics
 - Economic Burden of Covering Vaccine Preventable Disease
- And the ever popular case presentations.

We look forward to seeing you at the conference!

To register please go to cdc.adcareme.org

You will also be receiving a brochure in the mail if you prefer to mail in your registration.

If you have any questions, please call the Maine Immunization Program at 287 - 3746 or 1 - 800 - 867- 4775.
