

Suicide Prevention...It's up to ALL of us!

A Pledge of Responsible Program Use

I understand the serious nature of educating people about suicide prevention. I acknowledge that I attended a "Training-of-Trainers" to learn how to facilitate/teach a 60-90 minute suicide prevention awareness program as developed by the Maine Youth Suicide Prevention Program. While I have been encouraged to use this program in a manner comfortable for me, I hereby agree that I will NOT hand it over to someone else who has not attended Gatekeeper Training and a "TOT." The Maine Youth Suicide Prevention Program does not expect the individuals who use the program materials received in the "TOT" to be experts in suicide prevention, but we do insist that if you use this program you have at least attended the sessions designed to prepare you to do so. Thank you.
