# CLINICS & DENTAL SERVICES FOR MAINE RESIDENTS

## Introduction

Oral health is a vital component of overall health throughout the life cycle. Dental disease affects people of all ages; yet to a great extent, it is highly preventable. Early diagnosis of oral health problems through regular dental visits and the use of preventive measures such as fluoride and dental sealants, along with practicing good oral hygiene, good nutrition, and the prevention of oral injuries, are important for people of all age groups. Adopting, practicing, and maintaining healthy behaviors will help everyone to “Keep Your Teeth for a Lifetime.” Unfortunately, and for a variety of reasons, not everyone is able to obtain dental care on a regular basis. However, preventive measures and some services are available to all individuals.

**MaineCare:** MaineCare, administered through the Department of Health & Human Services, provides dental benefits to individuals whose incomes meet federal poverty guidelines. Eligible children and young adults under age 21 are able to get the preventive and regular care they need to facilitate normal growth and development. Eligibility is based on family income. For members age 21 and over, MaineCare covers a limited number of dental procedures to relieve pain, eliminate infection, and/or prevent imminent tooth loss. See page 23 for more information on MaineCare programs.

## About This Directory

This directory is a resource for consumers and for health and social services providers likely to be assisting clients, who do not have a regular dentist, in obtaining the dental care they need. These may include people with low incomes, those who do not have insurance coverage or who are eligible for MaineCare, and individuals with special needs. There are a number of clinics and other agencies throughout the state of Maine that either directly provide dental care services, or can assist these individuals in obtaining access to care. This directory describes those clinics and agencies, the services they provide, eligibility guidelines, and where to get more information. State-funded assistance programs, tribal health programs, rural community health centers, and other potential sources of care are included. **This document is updated about every year, and the information included may not remain accurate**, but we hope it can provide a start in finding appropriate resources.

The information in this directory was updated during the winter of 2018 and, to the best of our knowledge, is accurate as of the date of publication. *PLEASE NOTE* that inclusion in this directory does not guarantee that services will be provided.

We would appreciate learning about other programs and services that provide or assist Maine people in obtaining dental care. If you have suggestions for additions to this directory, please forward them to the Oral Health Program (see inside cover). New information will be added to this directory as it becomes available. In addition, from time to time, updates to this directory may be available electronically. Please check the Maine CDC Website <http://www.maine.gov/dhhs/mecdc/population-health/odh/index.shtml> for the most up-to-date version of this publication.

## **State-wide Resources**

By state-wide resources, we mean those that **may not impose geographic or residence restrictions** as a condition for receiving services. To our knowledge, the clinics, health centers and agencies listed below may see any Maine resident, regardless of where he or she lives. However, they may not offer out-of-area patients a sliding fee scale, or may otherwise limit services; for example, they may accept MaineCare, but otherwise have restrictions, or see only children. **Be sure to ask about any restrictions** with a potential service provider at the time an appointment is being made.

## Using This Directory

The Directory is divided into three major sections: (I) Clinics and Health Centers (sources of direct clinical services), listed alphabetically by county; (II) State-Funded Assistance Programs (available to eligible persons statewide); and (III) Other Resources (programs and agencies that may be helpful in obtaining care or that have several locations throughout Maine, as well as other suggestions). This section also includes a list of preventive dental hygiene providers.

Check the resources for your geographic area first. Then review Sections II and III for additional ideas. We have tried to indicate any restrictions such as residence, age or income as clearly as possible, sometimes with the use of bold type and headings. In Section III under "State-wide Resources," we have listed those clinics and health centers that did not impose residence requirements at the time of publication.

Call the clinics, health centers, and other health or social service agencies in your area even if it appears from the description that they cannot provide dental care or help obtain services. Staff may know of new resources and be able to help you, even if they deal primarily with a different population group or area of service.

## **SECTION I. CLINICS AND HEALTH CENTERS**

### **Listed Alphabetically by County**

**(All telephone numbers are Area Code 207 unless noted otherwise.)**

**The clinic is open only from September to April.** The University of New England Dental Hygiene clinic offers dental hygiene services that include oral examination, personalized oral hygiene instruction, blood pressure screening, x-ray survey (x-rays), teeth cleaning, fluoride treatments, and sealant placement. **These services are available to the general public and there are no income restrictions.** This is a teaching clinic so appointments may require more time. Patients do not see a dentist, but work with a student hygienist. Services **NOT** provided include: fillings and restorations, extractions, crowns, root canals, orthodontics, dentures, or bridges. Maine Care is accepted for patients through age 20 only. No other insurances are accepted, only cash or check payments. Low fees are charged to cover the cost of materials only.

Children 12 and younger: fees average \$16.00  
Children 13 and over and adults: fees average \$36.00  
Senior Citizens 62 and older: fees average \$25.00

Hours: Monday – Thursday 8:00 AM – 8:30 PM and Friday 8:00 AM to 12:00 Noon

The Caring Hands of Maine Dental Center is a non-profit community facility that focuses on providing accessible and affordable dental care to families from anywhere in Maine. The clinic was founded to treat children and adolescents; however, adult patients are also accepted. The Dental Center provides comprehensive dental services and strives to create a dental plan of ongoing care for every patient that fosters lifelong oral health. Emergency dental treatment is also provided. Appointments should be made for regular care; please call ahead to be seen for an emergency. The Center accepts private insurance, MaineCare, and also has discounted fees for families without dental insurance. In addition, the Center sponsors numerous outreach projects per year, providing portable preventive and dental treatment services around Eastern Maine.

Hours: Monday – Thursday 7:30 AM to 5:30 PM

Hours: Tuesday – Thursday 8:30 AM to 3:30 PM

### **\*The Dental Clinic Does Not Provide Emergency Services\***

The Knox County Health Clinic Dental Program provides exams, cleanings, sealants, simple fillings, extractions, and partials to children and adults who are 55 years of age or under whose family earnings are at or below 200% of the federal poverty guidelines. **Only residents of Knox County and those towns immediately next to Knox County, Waldoboro and Lincolnville, are eligible for the dental program.** Priority is given to those who need dental care for pain and infection control, to improve employability, and to children who have been unable to receive dental care. There is a waiting list. The Clinic offers dentures to those who qualify for them. Patients will be responsible for a payment of \$100.00 per arch prior to starting work on denture preparation.

Applications may be obtained by calling the office at 593-1699, or on our website at [www.knoxclinic.org](http://www.knoxclinic.org). Residents whose income is up to 100% of the federal poverty guidelines pay \$10.00 for each visit, while those with income between 101% and 200% pay \$20.00 per visit. MaineCare insured children pay \$5.00 per visit. **Patients must cancel their appointment at least 24 hours in advance or you will still be charged. Patients who fail to cancel with proper notice are no longer eligible for services.**

These services are available because of the incredible support from community members and organizations, including the generous donation of time and expertise from local dental offices. Please call the Knox County Health Clinic Dental Program at 593-1699 for more information.

**Community Dental - Rumford**

60 Lowell St

Rumford, ME 04276

## Program Descriptions

### **Dental Health Programs**

UMA – Bangor  
College Center  
201 Texas Avenue  
Bangor, ME 04401  
Tel: 262-7872  
Contact Person: Bonny  
Email: [BangorHYGSchool@maine.edu](mailto:BangorHYGSchool@maine.edu)  
Website: [www.maine.edu](http://www.maine.edu)

Hours: Monday – Friday 8:00 AM to 4:00 PM.

**The clinic is open from September through April** and is available to the general public. Appointments may be made by calling 262-7872.

The Dental Health Clinic operates as part of the Dental Hygiene educational program at the University of Maine. Student dental hygienists provide preventive services under the supervision of University faculty and volunteer dentists. Available services include: oral examination, scaling and polishing of teeth, oral hygiene instructions, dental X-rays, fluoride treatments, and sealants. **There are no residence requirements or income restrictions.** The Clinic does not participate in MaineCare or accept insurance, but will provide a coded receipt that can be submitted to an insurer.

Fee: Adults (13 years & older) – \$30.00

Fee: Children (4-12 years) & UMA students & Veterans –\$25.00

### **DDPC Dental Clinic**

656 State Street  
P.O. Box 926  
Bangor, ME 04402  
Tel: 207-941-4120

**Eligibility Criteria:** Anyone who is currently an adult client receiving Developmental Services from the Department of Health & Human Services, or anyone who is currently receiving Developmental Services through an agency funded by the Department, and is unable to access dental services in the community at large, is eligible for services at the clinic. Our goal is to provide primary preventive dental services to as many of our eligible patients as our limited resources permit.

**Services Available:** General dentistry and dental hygiene treatment services to patients based on eligibility criteria as outlined above. The Clinic also provides IV sedation dentistry for clients with severe/profound intellectual disabilities and **for whom sedation dentistry in a community clinic setting is clinically appropriate. IV sedation dentistry is provided on very limited number of days.** The DDPC Dental Clinic is limited in the scope and quantity of dental services it can provide, even when clinically indicated, because of the limited funding and staffing resources available.

Hours: Monday – Thursday 8:00 AM to 5:00 PM and some Fridays.

### **Health Access Network**

HAN Family Dental Care  
9 Main Street, Suite B  
Lincoln, ME 04457  
Tel: 794-6700 / 1-866-426-4584  
Contact Person: Samatha Caron  
Email: [SCaron@HANFQHC.org](mailto:SCaron@HANFQHC.org)  
Website: [www.HANFQHC.org](http://www.HANFQHC.org)

Hours: Monday – Thursday 7:30 AM to 5:00 PM

Health Access Network (HAN) is a federally funded Community Health Center providing primary and specialty care, mental health and dental services in Lincoln, Medway, Millinocket, and West Enfield. HAN Family Dental services are located in Lincoln. The office is fully equipped to provide education, prevention, and restorative care to people of all ages. Dental services include hygiene, X-rays, sealants, scalings, fillings, extractions, and root canals. HAN also accepts MaineCare, private pay and commercial insurance. For eligible patients, financial assistance is available; services are available on a sliding fee scale based upon income levels and household size. Emergency exams and services are generally available for patients with pain, swelling, or infection.

**For more information about the Health Access Network dental program or other services, you may contact the central office at (207) 794-6700 or 1-866-426-4584.**

Friday 8:00 AM to 2:00 PM

Nasson Health Care provides a full range of preventive, restorative, emergency and minor oral surgery care to individuals of all ages. We accept all forms of insurance and a sliding fee discount is provided to persons who meet the Health Center’s income guidelines.

## **SECTION II. STATE-FUNDED ASSISTANCE PROGRAMS**

Medical and dental benefits available through Maine Department of Health & Human Services, Office of MaineCare Services.

### **A. General Information**

MaineCare provides medically necessary benefits to eligible persons of all ages. Benefits are subject to policy regulations because they are funded with federal and state monies.

The following people may be eligible for medical benefits through MaineCare:

- Persons who receive Temporary Assistance to Needy Families (TANF)
- Persons who receive Supplemental Security Income (SSI)
- Families with dependent children
- Persons who are elderly, blind, or disabled
- Individuals under age 21
- Pregnant women
- Persons in need of nursing home care
- Persons who are in a foster home or boarding home

**Applications for MaineCare are available at any DHHS office, by calling toll free 1-855-797-4357 or on-line at <http://www.maine.gov/dhhs/ofi/public-assistance/index.html>.**

- After reviewing the application and circumstances, DHHS staff will determine eligibility.
- For the office nearest you, see the listing at the end of this section.
- Individuals having other health insurance such as Medicare or Anthem Blue Cross/Blue Shield may also be eligible for MaineCare.

**Note: Dental Providers are not required to participate in MaineCare.** They may choose to accept MaineCare members or not. **MaineCare Member Services provides assistance in finding dental providers for MaineCare members. The telephone number is 1-800-977-6740; Email is [MaineCareMember@molinahealthcare.com](mailto:MaineCareMember@molinahealthcare.com).**

**See part B** in this section for more information about benefits for individuals under age 21. Please note that MaineCare pays enrolled dental providers directly for covered benefits. Providers cannot charge members for the difference between their usual fee and the MaineCare payments for covered benefits. They can charge for non-covered services.

### **B. MaineCare Dental Services for Children and Young adults (under age 21)**

- Children and young adults under age 21 are covered for preventive, routine, and some specialized dental services.
- Member services can help with getting transportation, setting up medical and dental appointments, finding a physician or a dentist, and answering questions about MaineCare benefits.
- **For more information call Member Services toll-free at 1-800-977-6740 (TDD/TTY: Maine relay 711). Email is [MaineCareMember@molinahealthcare.com](mailto:MaineCareMember@molinahealthcare.com).**

## ***Other Resources***

### **Maine State Board of Dental Examiners**

Mailing: 143 State House Station  
Augusta, ME 04333-0143  
Tel: 287-3333

Physical: 161 Capitol Street  
Augusta, ME 04330

The Maine Board of Dental Examiners can provide information on the Maine State Dental Practice Act and licensure of dentists, dental hygienists (IPDH and RDH), dental radiographers, denturists, and expanded function dental assistants. This Board also handles complaints regarding these professionals.

### **Maine Dental Association**

P.O. Box 215  
Manchester, ME 04351  
Tel: 622-7900: Fax: 622-6210  
Contact Person: Cindy Sullivan, Executive Director

The Association does not provide clinical services, financial assistance, or direct referrals. Only information on the Association's programs and activities are provided.

### **Donated Dental Services Program**

This program offers free comprehensive dental care to needy disabled, aged and medically compromised individuals by dentists who volunteer their services. The program serves disabled and elderly people who cannot afford needed treatment and have no other way of getting help. Each person's condition must be severe enough to prohibit or significantly limit gainful employment, and they must need extensive treatment rather than only a cleaning or check-up. In addition, they can neither afford dental care nor get it through other programs. Each patient receives services through this program only once. When all needed work is completed, the case is closed. Patients are restored to oral health, but they are responsible for maintaining it.

The Donated Dental Services Program is sponsored by the Maine Dental Association, partially funded by the Maine State Legislature, and administered through a contract with the **Dental Lifeline Network**. For additional information, and to receive an application, contact the DDS Program referral coordinator at 1-800-205-5615.

### **Rural and Community Health Centers**

Community health centers also known as **Federally Qualified Health Centers** (FQHC) may be able to assist individuals in obtaining dental care through agreements with local providers or other arrangements. Each health center has its own policies and procedures.

All FQHCs provide a sliding fee scale for low income, uninsured patients. For information about a specific community health center, call the center directly, or contact the Maine Primary Care Association at Maine Primary Care Association, 73 Winthrop Street, Augusta, ME 04330  
Tel: 621-0677 / Web-site: [www.mepca.org](http://www.mepca.org)

Several community health centers provide clinical dental services on site. Those who provided information are listed in this directory by region with the other services in their area.

**Preventive Dental Hygiene Programs** offer a range of preventive services provided by registered dental hygienists practicing under Public Health Supervision status. They provide services via contracts and other arrangements with schools, Head Start, WIC agencies, other community agencies such as Boys & Girls Clubs. They include but may not be limited to these organizations:

- TFI (Tooth Fairies, Inc.). - Lewiston, Auburn, and the Oxford Hills Region 207-754-8487
- Tooth Fairies, Inc.- primarily Southwestern Maine 207-998-3500
- Tooth Protectors, Inc. - based in Lewiston, will travel throughout Maine 207-513-1111 or email [info@toothprotectors.org](mailto:info@toothprotectors.org)
- Maine Dental Health Out-Reach, Inc. - based in Winthrop, works with surrounding school systems 207-377-7003

### **Other Suggestions**

Other sources of help in finding dental services include public health or community health nurses, local hospitals, other health providers, or health and social services agencies in the area. Staff at these agencies often have the best knowledge about what is currently available; for example, they often know who might be accepting new MaineCare patients. For those people who cannot afford to pay "out of pocket", finding a way to pay for dental services is difficult. Options for financial assistance currently are extremely limited. Here are some suggestions:

- Town health officers and/or town health councils, where they are active, can be asked for assistance in special circumstances.
- Local service clubs (such as the Kiwanis or Lions, etc.) can be approached about funding in individual cases.
- Town managers or town welfare directors should be asked about covering dental services under the General Assistance program.
- If individuals are currently receiving other kinds of services (vocational rehabilitation, welfare, employment training, etc.), the outreach worker or social worker should be consulted to find out if dental care can be provided or funded as part of those services.

## Acknowledgments

The agencies and programs listed in this directory are gratefully acknowledged for their assistance. Material compiled and prepared by Oral Health Program staff.

The Department of Health and Human Services (DHHS) does not discriminate on the basis of disability, race, color, creed, gender, age, or national origin, in admission to, access to or operations of its programs, services, or activities or its hiring or employment practices. This notice is provided as required by Title II of the Americans with Disabilities Act of 1990 and in accordance with the Civil Rights Acts of 1964 as amended, Section 504 of the Rehabilitation Act of 1973 as amended, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972 and the Maine Human Rights Act. Questions, concerns, complaints, or requests for additional information regarding the ADA may be forwarded to the DHHS' ADA Compliance/EEO Coordinator, State House Station #11, Augusta, Maine 04333, 207-287-4289 (V) or 207-287-3488 (V), TTY: 800-606-0215. Individuals who need auxiliary aids for effective communication in programs and services of DHHS are invited to make their needs and preferences known to the ADA Compliance/EEO Coordinator. This notice is available in alternate formats, upon request.
