Units of Services Reviewed BY APS

(Includes MaineCare members and Courtesy Reviews done by APS)

Report Dates 07/01/2014 To 03/31/2015

Run Date: 04/27/2015

Report Source: Authorization Data from APS CareConnection®

Definitions:

- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.
- **Initial Case** - The initial case is the first authorization in an episode of care for a member in a particular service. If a member is discharged from a service and returns after 2 or more days, this would be a new episode of care and it would require a new initial case review. Initial case review types are: Registrations, Prior Authorizations or Initial Courtesy Reviews.
- **CSR Case** - A service is extended when necessary through the Continued Stay review process (CSR). The continued stay review types are: Registration Continued Stay Reviews (of a registration) Continued Stay Reviews (of a prior authorization) and Courtesy Continued Stay Reviews (of an initial courtesy review).
- **Services** - For more information about each of the services please view the MaineCare Benefits Manual at the following DHHS Website: <http://www.maine.gov/sos/cec/rules/10/ch101.htm>

What This Report Measures: This report shows every service that APS authorizes by service code. It includes the fiscal year to date number of members authorized and units of service authorized for both initial cases and continued stay reviews. The average number of units per service is separated into average initial units/case and average CSR units/ case.

Note: the column titled "Members" does not refer to the # of members who have received the service so far this year, but rather the number of unique members who have had a PA and/or a CSR or CSRs so far this fiscal year. Even if a member has multiple continued stays or is discharged and returns to the service, they are counted only once.

**Units of substance abuse Services Reviewed BY APS
(Includes MaineCare members and Courtesy Reviews done by APS)**

Report Dates 07/01/2014 To 03/31/2015

Run Date: 04/27/2015

Report Source: Authorization Data from APS CareConnection®

Definitions:

- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.
- **Initial Case** - The initial case is the first authorization in an episode of care for a member in a particular service. If a member is discharged from a service and returns after 2 or more days, this would be a new episode of care and it would require a new initial case review. Initial case review types are: Registrations, Prior Authorizations or Initial Courtesy Reviews.
- **CSR Case** - A service is extended when necessary through the Continued Stay review process (CSR). The continued stay review types are: Registration Continued Stay Reviews (of a registration) Continued Stay Reviews (of a prior authorization) and Courtesy Continued Stay Reviews (of an initial courtesy review).
- **Services** - For more information about each of the services please view the MaineCare Benefits Manual at the following DHHS Website: <http://www.maine.gov/sos/cec/rules/10/ch101.htm>

What This Report Measures: This report shows every substance abuse service that APS authorizes by service code. It includes the fiscal year to date number of members authorized and units of service authorized for both initial cases and continued stay reviews. The average number of units per service is separated into average initial units/case and average CSR units/ case.

Note: the column titled "Members" does not refer to the # of members who have received the service so far this year, but rather the number of unique members who have had a PA and/or a CSR or CSRs so far this fiscal year. Even if a member has multiple continued stays or is discharged and returns to the service, they are counted only once.

Average Length of Stay in Child Behavioral Health Homes
(Includes MaineCare members and Courtesy Reviews done by APS)

Report Dates: 03/01/2015 To 03/31/2015

Run Date: 04/27/2015

Report Source: Authorization data from APS CareConnection®

Definitions:

- **Behavioral Health Home Organization (BHHO)** - A BHHO is a community-based mental health organization that delivers services through a team-based model of care. It is designed to integrate the systems of care of behavioral health and physical health. The service code of child behavioral health homes is for members ages 0 - 20 years.
- **ALOS** - average length of stay in days of members discharged in CareConnection® from Children’s Behavioral Health Homes during this month.
- **Median** - The median is defined as the middle number in a series of numbers ordered from lowest to highest. For example the median of 1,9, & 80 days = 9 days, while the average is 90/3 = 30 days.
- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.

What This Report Measures: Average length of stay and median length of stay of members discharged from Child Behavioral Health Homes services during this month. Members may be discharged more than once.

Total number of members discharged = 18 Average length of stay (ALOS) in days = 207 Median length of stay in days = 182

Report 18 & 19 PNMI Bed Capacity/Occupancy
(Includes MaineCare members and Courtesy Reviews done by APS)

Report Dates: 03/01/2015 To 03/31/2015

Report Source: Authorization data from APS CareConnection

What This Report Measures: Bed status on the left side shows the number of people in the various PNMI locations on the last day of the month. Monthly averages on the right side shows occupancy rate for the month by computing bed days used by possible bed days. Persons with MaineCare and Courtesy Reviews are included. It is possible for someone to be in a PNMI location and not be using MaineCare or have a Courtesy Review. Therefore, a location showing an available bed on the last day of the month may in fact be full.

Definitions:

- **Possible bed days** = number of beds in a location times the number of days in a month. For a ten bed facility this would be 10 * 31 = 310 on a month with 31 days.
- **PNMI** - A Private Non-Medical Institution (PNMI) provides food, shelter, personal care, and treatment services to four or more residents in single or scattered site facilities. PNMI services are not provided in medical settings such as hospitals or nursing homes.
- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.

Statewide overall occupancy rate: Adult PNMI: 94.5% Child PNMI: 82.0%

**Report 20 & 21 Crisis Stabilization Bed Capacity/Occupancy
(Includes MaineCare members and Courtesy Reviews done by APS)**

Report Dates: 03/01/2015 To 03/31/2015

Run Date: 04/27/2015

Report Source: Authorization data from APS CareConnection

What This Report Measures: Bed status on the left side shows the number of people in the various Crisis Stabilization locations on the last day of the month. Monthly averages on the right side shows the occupancy rate for the month by computing bed days used by possible bed days. Persons with MaineCare and Courtesy Reviews are included. It is possible for someone to be in a Crisis Stabilization location and not be using MaineCare or have a Courtesy Review. Therefore, a location showing an available bed on the last day of the month, may in fact be full.

Definitions:

- **Possible Bed Days** - number of beds in a location times the number of days in a month. For a ten bed facility this would be 10 * 31 = 310 on a month with 31 days.
- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.

Statewide overall occupancy rate: Adult Crisis Stabilization: 82.0% Child Crisis Stabilization: 78.0%

**Members Discharged from Children's Inpatient Psychiatric Facilities Who Are Readmitted within 30 days
(Includes MaineCare members and Courtesy Reviews done by APS)**

Report Dates: 03/01/2015 To 03/31/2015

Report Source: Authorization data from APS CareConnection®

Definitions:

- **Inpatient psychiatric services** Children's inpatient psychiatric services are available at two private psychiatric hospitals (Acadia and Spring Harbor) and two community hospitals that have inpatient psychiatric units that serve children (Northern Maine Medical Center & St Mary's Regional Medical Center). Hospitals designate whether they are providing child or adult inpatient psychiatric services to a member. Thus, an 18 year old may be authorized for adult inpatient services or a 20 year old may be receiving children's inpatient services.
- **Readmission:** A readmission occurs when a MaineCare member is discharged in CareConnecton® from any child inpatient psychiatric service and is then admitted into a same or different inpatient psychiatric facility within 2 - 30 days.
- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.

What This Report Measures: Monthly count of members discharged from Children's inpatient psychiatric facilities who are readmitted to the same or a different hospital. The first column shows members who were readmitted within 30 days. The second column shows members not readmitted within 30 days and the third column is the total number of discharges. Members may have more than one discharge.

Total number of discharges:** 163

Total number of members readmitted within 30 days: 18

% of members discharged from inpatient psychiatric facilities that are readmitted within 30 days: 11.0%
