

Report Number: 38d
Members Discharged from Children's Inpatient Psychiatric Facilities Who Are Readmitted within 180 days
(Includes MaineCare members and Courtesy Reviews done by APS)
Report Dates: 07/01/2013 To 09/30/2013

Report Source: Authorization data from APS CareConnection®

Definitions:

- **Inpatient psychiatric services** Children's inpatient psychiatric services are available at two private psychiatric hospitals (Acadia and Spring Harbor) and two community hospitals that have inpatient psychiatric units that serve children (Northern Maine Medical Center & St Mary's Regional Medical Center). Hospitals designate whether they are providing child or adult inpatient psychiatric services to a member. Thus, an 18 year old may be authorized for adult inpatient services or a 20 year old may be receiving children's inpatient services.
- **Readmission:** A readmission occurs when a MaineCare member is discharged in CareConnecton® from any child inpatient psychiatric service and is then admitted into a same or different inpatient psychiatric facility within 2 - 180 days.
- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.

What This Report Measures: Quarterly count of members discharged from children's inpatient psychiatric facilities who are readmitted to the same or a different hospital. The first column shows members readmitted from 2 to 180 Days later. The second column shows members not readmitted within 180 Days and the third column is the total number of discharges. Members may have more than one discharge. Note that this report is about members in inpatient psychiatric services seven to ten months ago. This allows 180 days to pass before looking to assess if members were readmitted within that time frame.

Total number of discharges:** 289

Total number of members readmitted within 180 days: 75

% of members discharged from inpatient psychiatric facilities that are readmitted within 180 days: 26.0%

*Note: Discharges and authorizations can be processed retroactively causing numbers to fluctuate when rerunning reports.

**Note: Members readmitted in 0 or 1 days are excluded from this report. These are likely either transfers or continued stays, not true readmissions. Beginning in FY 13, these discharges are not counted in the total number of discharges or in the count of those readmitted.

***Members age 22 & over reported as receiving child inpatient psychiatric services are removed from this report. These were most likely data entry errors.
