Dear Larry,

I wanted to make you aware that it has just come to my attention that our Sedgewood facility in Falmouth, ME is in need of a new roof.

We have tried repairing sections as needed, but the repairs have not held up to our satisfaction. I am not considering this as part of the renovation project, but I am scheduling it to be done this year as part of our Emergency Funds for 2010. Since we do have Emergency Funds available, I would like to get it done immediately, as it does directly affect our residents' safety and well-being. Approximate cost is about \$200,000 for the entire roof project.

If this should present any concerns from you or your office please let me know.

Thank you.

Richard P. Blinn
