Certificate of Need

The Maine Department of Health and Human Services Division of Licensing and Certification announces that an application for a Certificate of Need has been received. An expanded review of the application will be conducted by representatives of the Department from the Health Care Oversight Program in accordance with the provisions of the Maine Certificate of Need Act, as amended (22 MRSA, chapter 103-A).

Applicant: Maine Medical Center
Portland, Maine

A subsidiary of MaineHealth of Portland, Maine

Proposal: Master Facility Plan Phase IIB

Description of Proposal: Maine Medical Center is proposing reviewable capital expenditures of \$392 million to increase the hospital's effective capacity through the replacement and modernization of its clinical facilities and infrastructure. This includes increasing the number of single patient rooms and the construction of 20 universal procedure rooms. No new licensed beds have been requested as part of this project.

Subject to Review under M.R.S.A. §329 (3).

Any person may examine all or part of the public record relating to this application and purchase copies of any or all of that record during the normal business hours of the department. Any person may submit comments or additional information in writing to the Department regarding the application at any time from the date of publication of this notice until the application process is closed for comment. Comments and additional information should be sent to the address below. This comment period will be for no less than 30 days.

The Commissioner, or the Commissioner's designee, will hold a public hearing if 5 persons residing or located within the health service area to be served by the applicant request, in writing, that such a public hearing be held and the request is received by the Commissioner no later than 15 days following the publication of this notice pursuant to section 339, subsection 2. Requests to hold a public hearing should be sent to the address below.

As soon as practicable, once the public comment period closes, the department staff shall provide the preliminary analyses of the application and the record to the applicant, the commissioner and any person who requests a copy of the analyses and record. Notice of the availability of the analyses will be published in a newspaper in general circulation in Kennebec County and a newspaper of general circulation serving the Hancock County area in which the project is to be located and on the department's publicly accessible site on the Internet.

Additional information concerning this proposal and the expanded review process and the expanded review schedule may be obtained by contacting DHHS, Division of Licensing and Certification... All comments, questions or inquiries should be directed to: Division of Licensing and
