RE: Casco Bay Dialysis Center Not Subject to Review request

Dear Ms. Shiers:

I am writing in response to your letter dated January 6, 2014 in which you requested a Not Subject to Review determination regarding Casco Bay's proposal to relocate its operations to another location in Westbrook. This relocation would not result in a new health service as defined by Certificate of Need Regulations. Casco Bay has determined that capital costs associated with this move will be approximately \$1,755,124 which is below existing thresholds.

Based on the information you provided, the Department of Health and Human Services has determined that the proposal as written is not subject to review. If you find the threshold for this project will be exceeded, you will need to apply for a subsequent review of the proposed project.

Please contact me if you have additional questions.

Sincerely,

Larry Carbonneau
Senior Health Care Financial Analyst
