RE: Parkview Adventist Medical Center (PAMC) become a subsidiary of Central Maine Healthcare (CMHC)

Dear Mr. Gill:

The above referenced proposal has been on file at this office since May 28, 2008. A Letter of Intent is good for one year from the date of submission. Your Letter of Intent has expired and has been withdrawn from active status.

The expiration of the referenced, inactive proposal means that if the sponsor still wishes to implement this or a similar project, it will be necessary to start the review process anew, commencing with a new Letter of Intent and, if the proposal is still subject to review in accordance with the current provisions of the Maine Certificate of Need Act, than an application will be required.

If you have any question you may call me at (207) 287-9338.

Sincerely,

Phyllis Powell
CON Manager
