

## Section M Activity Sheet #1

### Instructions

1. Read the scenario below.
2. Code Section M in your item set as appropriate for each assessment.
3. You may work individually or in pairs/ groups.

### Scenario

- Mr. S was admitted to the nursing home on January 22, 2011 with a Stage 2 pressure ulcer.
- The pressure ulcer history was not available due to resident being admitted to the hospital from home prior to coming to the nursing home.
- On Mr. S' first quarterly assessment, it was noted that the Stage 2 pressure ulcer had neither worsened nor improved.
- On the second quarterly assessment, the Stage 2 pressure ulcer was noted to have worsened to a Stage 3.
- The dimensions of the Stage 3 pressure ulcer at the 2nd quarterly assessment are:
  - L 3.0cm
  - W 2.4cm
  - D 0.2cm with 100% granulation tissue noted in the wound bed
