

## Site Report #2015-15 (The Maine Mariculture Company LLC) Corrections:

---

- 1) Page 2: The report stated “correcting for tidal range would derive water depths approximately 6 feet higher at high tide (17’-33’) and water depths approximately 4 feet lower at low tide (7’-23’).”

Correction: Correcting for tidal range at that date would derive water depths approximately 6.5 feet higher at the nearest high tide and water depths approximately 3 feet lower at mean low water (+/- 0.0’).

- 2) Page 9 -10: Eelgrass data were initially stated to have been collected in 2010.

Correction: Eelgrass data were collected in 2003. The layer used in the site report was published in 2010.

- 3) Page 10: “The nearest publicly-owned land to the proposed lease site is Two Bush Island, part of the Petit Manan National Wildlife Refuge, which is ~1.06 miles away.”

Correction: Two state-owned properties, designated as Coastal Islands, are located closer to the proposed lease site than Two Bush Island.

**Yellow Ledge:** Held by Maine Department of Inland Fisheries and Wildlife - designated as Coastal Island. Located ~0.56 Miles Away from proposed lease.

**Hewett Island:** Held by Maine Bureau of Parks and Lands – designated as Coastal Island. Located ~0.89 Miles Away.

Also nearby the proposed lease site:

**Little Two Bush Island:** Held by Maine Department of Inland Fisheries and Wildlife - designated as Coastal Island. Located ~1.11 Miles Away.
