Noncommercial Lobster/Crab License Exam

DO NOT SEND IN THIS TEST WITH THE ANSWERS CIRCLED
YOU MUST SEND IN THE ANSWER SHEET

Be sure to thoroughly read “A Guide to Lobstering in Maine” and refer to its glossary when taking this open-book exam. Mark your answers with pencil on the answer sheet ONLY and DO NOT mark this test sheet. You must completely fill in the space on the answer sheet that indicates your correct answer. If you need help in reading the text or exam, then the person assisting you must sign at the bottom of the answer sheet (Signature of aide) certifying that the recorded answers are yours. If you fail to meet this required score, the exam will be returned to you for a retake.

Lobster Management, Laws and Regulations

1) If a harvester of any marine organism has a question on harvesting methods, seasons, gear construction, or any questions pertaining to the law, he/she should __________
   a) ask another harvester
   b) not worry about finding the answer but make a good effort to follow the law
   c) ask a marine biologist
   d) ask a Marine Patrol Officer or call a Marine Patrol Office

2) When you hold a license from the Dept. of Marine Resources which of the following is true?
   a) You have a duty to submit to inspection by a Marine Patrol Officer when engaged in the licensed activity.

3) Noncommercial lobster licenses are only issued to a Maine resident. A Maine resident is a person who __________
   a) has a Maine motor vehicle operator’s license or has made application for one
   b) files a Maine income tax return
   c) has registered at least one motor vehicle in Maine
   d) all of the above

4) A noncommercial lobster harvester may legally __________
   a) fish other peoples’ traps
   b) sell the lobsters that he/she catches
   c) retain the lobsters for personal use only
   d) peddle lobsters door to door

5) A noncommercial lobster/crab license holder may submerge up to ____ traps.
   a) 10
   b) 8
   c) 15
   d) 5

6) An unlicensed person may assist you with __________
a) hauling or handling traps  
b) baiting bags  
c) operating the boat between hauls  
d) none of the above

7) When a noncommercial lobster/crab license holder is unable to haul his/her traps, ______ can tend those traps?  
a) his/her spouse  
b) no one else  
c) a friend with permission  
d) any other noncommercial harvester

Methods of Fishing

8) Which of the following is a violation of the law?  
a) Lobster fishing with a buoy that is marked with your lobster/crab license number.  
b) Lobster fishing with a trap that is clearly marked with your lobster/crab license number.  
c) Displaying your buoy so that it is visible from both sides of your boat.  
d) Lobster fishing with a buoy that does not match the buoy color you designated.

9) A license holder may display their buoy colors on their boat by __________  
a) attaching a 12 inch buoy so it’s visible on both sides  
b) either (a) OR (c)  
c) painting a rectangle of each color that is 4 inches high and 18 inches long

Closed Periods

10) Which of the following is true?  
a) It is illegal to haul lobster gear on Saturdays and Sundays during the winter.  
b) It is unlawful to lobster fish before noon on Mondays.  
c) Lobster traps have to be hauled at least once a day.  
d) It is unlawful to haul lobster gear after 4:00PM Eastern Daylight Savings Time, Saturday until ½ hour before sunrise the following Monday morning from June 1st to August 31st, both days inclusive.

11) It is against the law to fish for lobsters at _________  
a) 4:30PM on a Saturday in May  
b) 5:30PM on a Saturday in June  
c) noon on Christmas  
d) anytime on a Sunday in November

Lobster Measurement

12) The carapace of a legal size lobster in Maine measures between ________  
a) 3 inches and 5 ½ inches  
b) 3 ¼ inches and 5 inches  
c) 3 ½ inches and 5 inches  
d) 3 ¼ inches and 6 inches

13) The proper method to measure a lobster is to place the measure ________
a) over the horn parallel to the centerline of the body shell to the rear end of the body shell  
b) from the rear of the eye socket to the end of the tail section  
c) from the rear of the eye socket along a line parallel to the centerline of the body shell to the rear end of the body shell.  
d) from the antenna to the tail

14) Which of the following is true?  
   a) You can keep all male lobsters no matter the size  
   b) You can keep a lobster that is mutilated in a fashion that it cannot be measured.  
   c) It is illegal to possess any lobster, or part there-of, which is mutilated in a manner that makes it impossible to accurately measure  
   d) You can keep a lobster if it looks as big as other legal lobsters you’ve caught before

15) A violation of the law has occurred if __________  
   a) an over-sized lobster is taken home  
   b) an illegal lobster is immediately liberated alive into the coastal waters  
   c) a female lobster with eggs has been immediately thrown back  
   d) the harvester hauls his/her traps on a Sunday in December

16) Those allowed to haul lobster traps are __________  
   a) Both (b) and (d)  
   b) the owners of the tagged traps  
   c) any person who the trap owner designates  
   d) Marine Patrol Officers

17) When storing lobsters beneath the surface of the coastal waters, the container must ______  
   a) only be tied to the harvester’s dock or mooring  
   b) be painted bright red  
   c) be emptied out within three days of the last fishing day  
   d) be marked with the fishing license number of the person storing the lobsters

18) Molesting lobster gear carries a penalty of loss of license for 3 years?  
   a) True  
   b) False

Egg Bearing Lobsters/V-Notch/Mutilated

19) When are you allowed to possess an egg bearing female lobster?  
   a) When the right middle flipper is missing.  
   b) After you have removed the eggs  
   c) If the end of the right middle flipper is missing so that a v-notch could not be seen.  
   d) Never

20) When you catch an egg-bearing lobster, you must __________  
   a) leave it in your trap  
   b) re-notch the lobster if necessary and liberate it immediately  
   c) take it home  
   d) remove the eggs
Determining the Sex of a Lobster

21) The sex of a female lobster can be determined by its ________
   a) number of crusher claws
   b) number of flippers
   c) It is impossible to determine the sex of a lobster
   d) soft and feathery first pair of swimmerets

22) Which of the following best explains how you identify the flipper to the right of center on a female lobster?
   a) The correct flipper is determined when the underside of the lobster is down and the tail is toward the person making the determination.
   b) The correct flipper is determined when the underside of the lobster is up and the tail is away from the person making the determination.
   c) The correct flipper is determined when the underside of the lobster is down and the tail is away from the person making the determination.
   d) The correct flipper is determined when the underside of the lobster is up and the tail is toward the person making the determination.

23) When must a harvester v-notch an egg bearing lobster?
   a) Only legal size lobsters
   b) Only in the spring
   c) When they feel like it
   d) Each time one is caught, if it is not already notched

24) Which flipper on a female lobster do we look at to determine if it has a v-notch?
   a) The middle flipper
   b) The flipper immediately to the right of center
   c) The flipper all the way to the left
   d) All flippers are created equal.

Trap Construction

25) Escape vents on traps must be ________
   a) unobstructed
   b) located anywhere in the trap
   c) located in the kitchen section
   d) yellow in color

26) A rectangular escape vent must have a minimum legal size opening of ________
   a) 1 15/16 inches by 5 3/4 inches
   b) 1 ¾ inches by 5 3/4 inches
   c) 1 15/16 inches by 6 inches
   d) 1 ¾ inches by 5 1/4 inches
27) Each circular escape opening must have a minimum legal size diameter of_______
   a) $2 \frac{3}{4}$
   b) $2 \frac{5}{8}$
   c) $2 \frac{1}{4}$
   d) $2 \frac{7}{16}$

28) Which of the following is a true statement?
   a) The noncommercial trap tag has the owner’s lobster/crab license number on it.
   b) The noncommercial trap tag does not display the lobster/crab license number.

29) Which escape vent arrangement is not allowed?
   a) A rectangular vent placed horizontally.
   b) A circular vent placed so that the openings are horizontally side-by-side.
   c) A rectangular vent placed vertically
   d) A circular vent placed so that the openings are vertically one above the other.

30) What may not be used to attach a biodegradable panel to the trap?
   a) Untreated hemp
   b) Ferrous metal hog rings
   c) Jute twine
   d) Stainless steel hog rings

31) A “ghost panel” is a (n) __________
   a) escape panel designed to release lobsters from traps which are lost while fishing
   b) panel which is held in place by a biodegradable material
   c) opening which must be 3 ¾ inches by 3 ¾ inches in a wire trap
   d) all of the above

32) Each year, new lobster trap tags must be installed in traps that are being fished by ___
   a) January 1st
   b) April 15th
   c) October 31st
   d) June 1st

33) In order to prevent damage to lobsters, trap runners must be __________
   a) at least ¼ inch thick
   b) attached to the bottom of the trap on opposite sides
   c) made out of any material
   d) all of the above

Whale Gear Modifications

34) Federal whale gear modifications are required for __________
   a) only traps fished in Federal waters
   b) only commercial harvesters
   c) all traps in Maine coastal waters
