

Maine State Aquarium Site Map

Operated by the ME State Department of Marine Resources, the Maine State Aquarium is a small, one-room aquarium that focuses on regional species, marine fisheries (commercial and recreational), and marine resource conservation and management. Guests will enjoy the hands-on experience we offer at our two touch tanks, the incredible staff and educational presentations and programs, and our picturesque location. Bring a picnic and make the most of your visit with us. Just a few miles away from the Coastal Maine Botanical Gardens, the Boothbay Railway Museum, and downtown Boothbay Harbor, our quaint aquarium is a great addition to your visit to our area.
