Rhonda Sperrey
Superintendent of Schools
RSU 64
PO Box 279

Dear Superintendent Sperry:

This letter acknowledges receipt of RSU 64's request for an extension to meet the proficiency-based graduation requirements. The Department commends you for your efforts to advance proficiency-based education. The information and evidence presented in RSU 64's request for Extension Option 6 gives the Department reasonable confidence that the benchmarks established for the 2014 -2015 school year will be met and will inform the development of benchmarks for the 2015-2016 school year. Meeting these benchmarks will support Central High School's progress toward the awarding of a proficiency-based diploma based on secondary school standards after July 1, 2020. There are no penalties if you discover your school administrative unit is prepared sooner to award a proficiency-based diploma.

Under a provision in Maine's Basic School Approval Statutes (Maine Revised Statutes 20-A §4502, subsection 8), I grant a waiver of the requirement to award proficiency-based diplomas after January 1, 2018 and extend the time to transition to proficiency-based graduation requirements to after July 1, 2020. This extension is given with trust in the good faith and effort of the staff and students of RSU 64 to work diligently to meet these benchmarks and is contingent upon an annual report to the Maine Department of Education regarding the school administrative units progress toward meeting the requirements of Maine Revised Statutes 20-A §4722-A. This annual report will be embedded in the annual extension renewal process.

Sincerely,

A handwritten signature in cursive script that reads "Rachelle Tome".

Rachelle Tome, Acting Commissioner
Maine Department of Education
