

TO: Trained Participants
FR: Jean Zimmerman,
HIV Prevention Education Coordinator
RE: Skill Builder Booster
DA: April 10, 2012

We are pleased to announce a long-awaited **Skill Builder Booster** workshop available exclusively to those who have attended past Best Practices, Reducing the Risk/Making Safer Choices and Partners in Prevention trainings. Many of you asked for a follow-up workshop to give you an opportunity to talk with each other about using the curricula, how some of the materials have worked and how each of you have met some of the challenges of bringing HIV prevention education to your students. We are pleased to offer it to you this year!

WHEN:	Wednesday, May 23, 2012
WHERE:	Burton Cross Office Building 111 Sewall Street Augusta, Maine 04333-0023
TIME:	8-8:30 a.m. Registration/Continental Breakfast 8:30 a.m. – 3:00 p.m. Training
OFFERING:	No cost workshop, materials, continental breakfast, lunch

This one-day **Skill Builder Booster** session has been planned especially for you! It will be your opportunity to share with others and review some of the new resources available. We will take a deeper look into some of the lessons and work at developing some resources you can use in your classrooms. You also asked for opportunities to network with others, so we will provide time for you to get together to discuss what has worked.

The day of the session, we ask each of you to bring your curriculum binder received at the original training, and any materials you have used so they may be shared with others.

Please register early – DEADLINE: Friday, May 11, 2012 – To register on-line, go to: <https://www.surveymonkey.com/s/BoosterMay2012>. We anticipate that it will fill up quickly, so if you need to wait for administrative approval, call today to save your slot. For a registration form, visit [Trainings/Registration Information](#).
